

Vol. 18 No. 19 -- Wednesday, May 11, 1977

Mayor still simmering over fire story in Gazette

Mayor Dick Plain indicated that he is still simmering about a report in the St. Albert Gazette recently about the city's ability (or lack of it) to handle a serious outbreak of fire in the community.

At question and answer period in the Committee of the Whole meeting last Monday night he told council none of the 13 volunteer firemen in St. Albert had indicated they had had any discussion with the St. Albert Gazette on the fire protection problem.

Mayor Plain also ribbed the Gazette over a composition mistake where the MLA for St. Albert Ernie Jamison rebutted any suggestion that he was anti-St. Albert, having his home, an office building and his business in St. Albert.

The article went into the Gazette headed "Honourable Men may honourably disagree" by-lined by the MLA, but under the head, "Mayor's Column."

"I thought this was the ultimate," Mayor Plain said, pointing out that his name was still the same.

Mayor Plain joked that Mr. Jamison was attempting to bale himself out of his anti-St. Albert stance, and maybe was wanting to promote himself to mayor "from the backbenches of the legislature."

SERIOUS FIRES RESPONDED TO WELL

Earlier in the committee meeting two letters from St. Albert residents commended the St. Albert Fire Department for quick action in two fires April 26 and 28.

One letter from Susan and Derek Firth, 1 Garraway Place, thanked the department for the way they handled a call to Garraway Place. "Without their speedy and professional attention the fire might have spread throughout the whole house," the letter went on to say.

Another letter April 29 from the Ridgewood Terrace Condominium Corporation complimented the fire department on the way it handled a fire April 26.

A unit at Ridgewood Please Turn to Page 2

AHSC may decide if Sturgeon Hospital minutes go public

The minutes of the Sturgeon General Hospital Board District #100 could go public.

And if they are made public (in the St. Albert library), minutes going back to January 1, 1977 may be on view.

This opening up of the local hospital board's minutes to the public will not go ahead without the idea being first vetted by the Alberta Hospital Services Commission.

What are termed confidential parts of board meetings will not be made available to the public as those sometimes involve the names of patients and would lead to a breach of medical ethics.

It was a concerned St. Albert resident Liesbeth Bakker who started the discussion off among board members at the regular hospital board meeting last Thursday night.

"Mrs. Bakker you started quite a discussion," said board chairman Stanley Walker as Mrs. Bakker was on the way out after the talks.

Earlier Mrs. Bakker had said that minutes of a public body should be available to the public as they had elected the board to office. She said she had no quarrel with the regular reporting of hospital board action in the St. Albert Gazette.

"It was most interesting," she added, but pointing out that this was too narrow an

Five rodeo princesses chosen at pageant

St. Albert has five charming young ladies in line for Rodeo Queen this June after an entertaining Rodeo Queen Pageant in the Club Mocombo last Thursday night.

St. Albert Kinsmen put on the pageant which was well received by about 60 persons. They watched eight contestants overcome their nerves to be narrowed down to the five girls who might become Rodeo Queen this year.

This year's Rodeo Princesses are: Sharon McRae, 15, Rachel Stephenson 15, Cheryl Culp, 16, Brenda Gray, 17 and Theresa Gullberg, 18.

Last year's Rodeo Queen Lynn Skow did much to calm the nerves of this year's contestants, particularly the ones who tried bravely but did not win a final place. They were: Wendy Kuzio, Anita Lischewski and Alla Tang.

Christine Tang was unable to appear owing to illness.

All the contestants said

their piece about "St. Albert's Urgent Needs," and not surprisingly, high up on the list was the need for better recreation facilities, an ambulance service, and a better bus service to Edmonton.

One of the runners-up, Ms. Tang said she had only been in St. Albert four months, she was very happy, but was a little disillusioned with the bus service which took an hour to get you to Edmonton. That was a waste of time, she said. She felt that if St. Albert had a well equipped library, it would save her those trips downtown to Edmonton.

Ms. Gullberg pointed out that her request for an ambulance service came through experience and was heightened by the fact the ambulance driver lost his way at the time of the call. (She will be happy to know that the City of St. Albert has made provisions for a nine man ambulance squad to be Please Turn to Page 2

Summer school held here again

To the average child, summer school conjure up visions of enforced studies, while the birds sing and the outdoors beckon. According to some veterans of the first summer school in St. Albert, run by school district 6 last year, it just isn't so.

The students commented that the Summer Improvement Program is "better than being bored," and that it was "much better than regular school." Another stated "I know much more now than I did three weeks ago," referring to the beginning of the program. The fact that the smaller classes enable better teaching was also remarked upon.

This year's Summer Improvement Program will be administered by district 3, as the districts alternate responsibility for the program

each year. It is expected that the program's enrollment will exceed last year's figure of 104.

The courses offered will focus on the improvement of basic skills in Language Arts and Mathematics. Children from grades 1-9 are eligible. Parents wishing to register children in the program should fill out a registration form and return it to the school secretary at the student's school, or to Mr. J. J. Tymo at V.J. Maloney School, 65 Sir Winston Churchill Avenue. A cheque for \$32, payable to St. Albert School District #3 must accompany each registration form.

Registration forms will be sent home with students or are available at the Public Library. They must be submitted no later than May 25.

TRADE FAIR

IN THE ARENA MAY 13th, 14th, & 15th

St. Albert Council Briefs

Following are some of the highlights from the St. Albert Council Committee of the Whole meeting May 9. All aldermen were present except Gary Wetsch and Ald. Frank Lukay was in the chair.

A LETTER FROM the Midnight Twilight Tourist Association requesting funds from St. Albert to help pay for a Tourist Information Centre at Clyde corner was received by council. The letter stated that in 1976 about 2,000 visitors stopped at the information trailer to get maps, brochures and other detailed information about the area.

COUNCIL RECEIVED a letter from the St. Albert Arts and Crafts Guild expressing thanks for a recent grant of \$2,300 from the city. Two thousand dollars of the grant will go towards a

new kiln when this is necessary; the rest of the grant will be used for scholarships and grants for new members during the coming year.

MAYOR DICK PLAIN congratulated the provincial government on its new regulations under the Alberta Uniform Building Standards Act. These require that all residential and institutional buildings with sleeping accommodation constructed after July 5, 1977 have built-in approved smoke detector protection. Regulations under the Alberta Fire Prevention Act will require that all existing residential and institutional buildings except one and two family dwellings be equipped with similar smoke detector protection by January 1, 1979. Battery operated or plug-in types of smoke alarms will be

accepted for existing buildings.

COUNCIL RECEIVED a letter from the Canadian Cystic Fibrosis Foundation for a grant. The letter pointed out the Foundation is trying to find a control or cure for cystic fibrosis. It also points out that Canadian medical research budgets have been slashed, which puts an even greater burden on the cystic fibrosis organization's ability to provide funds for patient services and research.

THE AWARDING OF caretaking services 1977/78 for 10 city owned buildings

has been referred to council for a final decision.

Last year it cost \$50,400 to clean the buildings but this did not include washroom supplies and window cleaning. This year's tender and contract includes the provision of these two extra items.

ALDERWOMAN MYRNA FYFE was named by the committee to fill in the vacant spot on the Sturgeon Hospital Board for the time being. The vacancy became effective May 5 as former board member Armand Donais has left the area to work in Regina.

271 Club to hold cook out

On May 28 - 29, the 271 Club will stage its first May Daze Cook-Out. The 271 Club is comprised of associate members of the Royal Canadian Legion, Branch 271 who are the sons and daughters of veterans. The St. Albert club is one of the first of such clubs to be formed in the province, and is the most active.

The club's cook out promises to be an eventful outdoor weekend. It will be held on the Legion's own picnic grounds at Hanneman Farms, and will begin on Saturday, with a camp-over Saturday night. The club will

supply barbecues, briquettes, sauces and spices, with participants supplying their own food.

There will be games for kids and adults, including lawn darts, croquet, horseshoes and three legged races. Prizes will be offered for the children, and there will be a \$100 gate prize.

Tickets to the event are \$10 per family, and are available from Arie Johnston - 458-2938, Fern Armstrong - 459-4807 or at the Legion in the evenings. They can also be obtained by phoning the Legion and leaving your name.

Cliff Keyes, hospital administrator, accepts a cheque for \$920 from a smiling Robina Lissey, president of the Newcomers Club which has long supported Sturgeon General Hospital.

PARISH KINDERGARTEN REGISTRATION & GENERAL MEETING

There will be a general meeting for parents who have registered their children in the Parish Kindergarten for the 1977-1978 term. The meeting will be held at VITAL GRANDIN SCHOOL ON Wednesday, May 11, 1977 at 8:00 p.m. The registration deadline has been extended. Parents wishing to enroll their children, who have not yet registered them, are encouraged to attend this meeting at which time registration forms can be completed. Registration forms are also available at the Library and District #3 School Board Office.

Seniors Lodge gets green light

Ground for St. Albert's senior citizens lodge could be broken in the spring of next year.

St. Albert council's committee of the whole learned of the approval for the 51 self-contained unit facility at a regular meeting last Monday night. Word of the approval came in a letter from Housing Minister Bill Yurko.

If the sod is turned for the

facility next spring, seniors could be making themselves comfortable in the lodge in 18 months time.

The lodge will be built across from the Percy Page Centre on Mission Avenue.

No architect has been chosen yet for the design of the lodge, but various architectural firms will be invited to have a crack at the lodge's design.

MAYOR DICK PLAIN [centre] signs the proclamation validating Mental Retardation Week in St. Albert May 8-14. With the Mayor (left) is Bill Collins, president of the St. Albert Association of the Mentally Handicapped and Alice Moore, president of the Alberta Association for the Mentally Retarded.

Vacancy on hospital board

The Sturgeon Hospital District #100 will let the City of St. Albert decide how it wants to fill a current vacancy on the hospital board.

The vacancy arose over the resignation of trustee Armand Donais who has to move to Regina, Sask.

"Let the city decide how to fill it," was the advice of

Hospital Administrator Cliff Keyes.

The vacancy could be filled by appointment, but the public could petition for an election, before election time comes up in the fall.

"If the public are really interested they will ask for an election," commented hospital trustee Lawrence Kluthe.

MAYOR'S PROCLAMATION FOR NATIONAL WEEK ON MENTAL RETARDATION

WHEREAS Mental Retardation is one of the most prevalent handicaps of children and adults;

AND WHEREAS it is now known that with proper perinatal care, good nutrition and health practices, and early infant intervention, many causes of mental retardation can be prevented;

AND WHEREAS this community can only benefit, both socially and economically, from promoting programs to reduce the incidence and prevalence of handicapping conditions, such as mental retardation;

AND WHEREAS the St. Albert Association for the Mentally Handicapped is a voluntary association of citizens working together in a supportive role to promote "A Good Start in Life" for all babies;

AND WHEREAS at this time the Association is seeking public understanding and support for its community awareness program;

NOW THEREFORE I, Richard H. M. Plain, Mayor of the City of St. Albert, do hereby proclaim the period of time from May 8 to May 14, (inclusive) 1977, as National Week on Mental Retardation, and urge every member of this community to actively support the public awareness program which will help to ensure "A Good Start in Life" for all children.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the City of St. Albert to be affixed this 4th day of May, A.D. 1977.

R. H. M. PLAIN

Sturgeon Hospital ready for fire emergency

It had to come up at the regular meeting of the Sturgeon Hospital Board last Thursday night.

The St. Albert fire safety issue, that is, as it affected the Sturgeon General Hospital and its patients.

Hospital Board trustee John de Bruijn pointed out that any fire at the Sturgeon General Hospital "should be able to be contained in the hospital."

He suggested the problem of whether or not the St. Albert Fire Department had an aerial ladder big enough to get to the top of the four storey Sturgeon General Hospital was "not valid."

"Edmonton does not have a ladder to get to the top of the CN Tower and who would

take them (the victims) down the ladder anyway?" Mr. de Bruijn asked.

The reason why an aerial ladder would serve no useful function at the Sturgeon General Hospital is that the facility has sealed windows.

If a major fire did break out at the hospital, there is a disaster plan that can be out into operation, Mr. de Bruijn indicated, which makes the aerial ladder superfluous.

According to hospital administrator Cliff Keyes fire

safety has a high priority at the Sturgeon General Hospital. There are monthly fire drills and regular fire checks by the provincial fire department as well as the City of St. Albert Fire Department.

Students will wash cars for grad funds

Girls and boys at Sir George Simpson Junior High will wash your car for \$1 (\$2 for interior as well) at the school parking lot on Saturday.

The young people will be hard at work from 10 a.m. until 4 p.m. in order to raise

funds for Grade 9 graduation. A formal dinner and dance is planned at the school on June 9, said Loreen Elliott, a member of the graduation committee, and it takes quite a lot for the band and other expenses.

The grade 9 class had the same type of graduation celebration last year at the school.

If your car or truck could do with a good clean-up, hang on till Saturday and let the students take over.

YOUNG ACHIEVERS IN THE SPOTLIGHT

Following close on the heels of the first Kiwanis Music Festival in St. Albert, our young people have again this week shown the community what they can do, both musically and in theatre work.

Operettas at Lorne Akins and Robert Rundle schools and a production of Tom Jones at Paul Kane all drew packed crowds, and comments on all sides are enthusiastic about the quality of the performances and the extent of the talent displayed. Older people and some in their mid-twenties were amazed at the aplomb of even very young students on stage, and felt they could never have done as well at the same age. Also last week the Pitch and Spice singers played to highly appreciative audiences on a Saskatchewan tour, and were warmly praised in a North Battleford review of "Memories."

Behind the success of our young people are interested, skilled and dedicated teachers in St. Albert schools, who clearly go beyond the ordinary requirements of the job in getting these productions together, and giving individual attention to the performers.

And behind the teachers the trustees who back them up in these programs, despite difficult times of financial restraint, also deserve credit.

It is not every week that the good things being done by our students are in the spotlight, so that it is all the more exciting to see so many of them involved in such constructive efforts in one week.

And since parents are so commonly blamed for the actions of children who get into trouble, the other side of the coin is that hundreds of parents in St. Albert can be commended for supporting their children's musical and drama education, two areas where learning can bring life-long rewards and enjoyment.

WORLD AT SIX

Do you ever listen to the CBC's highly rated "World at Six" as it comes on radio weekdays, with the announcers purring, "The Wurrrrld at Six" really whetting your appetite for the big stories to follow?

Last week, if you'd listened to the May 2 edition of World at Six you might have thought the CBC was a bit loose in applying the World at Six name tag to the program.

In half an hour of "world" news there was just over four minutes devoted to news outside of Canada. Possibly five minutes to be exact.

When you think the rest of the world has over 3,711,000,000 people compared to Canada's 21 million, you would think the CBC could be a little more generous in its daily world news coverage.

If it is not going to be, perhaps the CBC should think of renaming "World at Six" to "Canada at Six and the Rest of the World If You're Lucky."

More firefighters & policemen needed

As a taxpayer, I was glad to see that the public are being made aware of the poor fire protection we have, but also I feel the public should be made aware of the poor police protection. You never see a police car patrolling around in the afternoons or the evenings when they are needed. The

uncontrollable rates of speed by these young people is a serious matter. Why is it when stunting and excessive speed is phoned into the RCMP that they have only one answer "I am sorry mam, but I do not have a man to send out to look the situation over."

The two most important

necessities of a community are fire and police protection. I feel it is about time the people of St. Albert put their foot down and demanded these necessities, after all we all pay our fair share of taxes. I fully support the firefighters feelings for themselves and for the protection of our community.

In conclusion it is about time that sufficient money was allotted for upgrading the fire equipment and the hiring of more firefighters and policemen so we have these services when needed.

Concerned Citizen
Sturgeon Heights.

Resident unhappy with fire protection

In regards to the write-up about the firefighters of St. Albert, I think that Mr. Jamison published a good write-up about the lack of personnel in the St. Albert fire department. Instead of worrying about land annexation and lining someones

pockets, Mayor Plain should give a little more thought about better fire protection. According to the provincial fire underwriters of Alberta, St. Albert is to have 44 permanent members by the end of 1977. How does he expect to do that when half

the year is almost over? I also heard that the fire chief made the last class write a 18 page exam. A city of Edmonton with a population of 1/2 a million has its fire department personnel write a two-three page exam; and they are the ones who should

have a 18 page exam if anybody should.

I think the mayor and the fire chief should both go a see a psychiatrist.

WALTER KUIZZ
Lacombe Park.

Ottawa House would promote Canadian unity at student level

The Council for Canadian Unity has some interesting ideas to help bring about the major aim of the movement, which is "the unity of our country."

In the near future the council plans to acquire a house in Ottawa to serve as a residence where students from all parts of Canada can meet for a week for discussion of issues relating to a united Canada, and at the same time gain a better understanding of federal institutions and the Canadian political system. Personal contacts and interchange between people from all regions will be a further important aspect of the proposed Council House.

Forum for Canadians is another major aim of the council, which plans to create a commission under this name to permit groups and individuals to make known their suggestions on the changes that should be brought about in the Constitution of the country.

The thinking is that many prominent people have already made known their views through speeches or articles in the press, and a forum is needed where a great many opinions of the future of Confederation can be brought together - OUTSIDE of partisan politics.

Also under study is a project called "Expo-Canada" which would be a travelling show to be held in different regions and cities of Canada. Advanced audio-visual techniques would be used to portray the country in dynamic fashion, and only those aspects which will best promote Canadian unity will be selected. It would of course be impossible to depict all the phases of Canada in a travelling exposition.

The Council for Canadian Unity was founded in 1964 as a non-profit organization and

was incorporated under the Canada Corporation Act. The 1976 Annual Report lists the following Alberta members of the Board of Directors: Mrs. Ruth E. Bate of T. E. Bate Engineering, who is on the executive as secretary; Don W. Clarke, Edmonton Exhibition Association; E. C. Coley, Dominion Vice-President, Royal Canadian Legion; Louis A. Desrochers, McCuaig Desrochers; W. D. Hunter, Vice-President Edmonton Oilers Hockey Club; George De Rappard and J. Gordon Hallett.

The council's promotion of Canada Week is now in its eighth year. Communities across the country are encouraged to plan their own celebrations from June 25 to July 1. Local committees work at this project and many sell stickers, posters, flag decals, Canada pins etcetera. The 1977 theme is "Canada Week - put your heart into it!", and ties and scarves with a maple leaf design will also be offered for sale for the first time.

Surveys for the United Nations show that only 18 percent of the world's farmland is systematically irrigated, but it produces nearly half of all the world's food crops.

Montreal, Canada, a city of 1,214,000 people, has a restaurant for every 230 inhabitants, National Geographic says.

Raccoons belong to a mammal family that began in North America about 35 million years ago. Species, varying in size from 5 to 30 pounds, range across the continent from southern Canada to northern South America, says the National Geographic Society's book, "Our Continent."

OTTAWA and Small Business

Fire!

by JIM SMITH

To set the stage for disaster, start with a couple of thousand people. Put them in a hall or theatre. Yell "fire". And watch the panic develop.

It almost never fails. In general, more people are killed by crowding the exits than from fire itself. There have been cases of deaths even though no one received so much as a minor burn.

Humans, you see, have an uncanny ability to inflict more damage on themselves by attempting to avoid disaster than they would normally suffer if the disaster simply ran its course.

And that brings us to economics, a subject with close ties to panic and disaster. More and more Canadians are convinced that the economy is going down the drain. So more and more Canadians, attempting to avert disaster, are panicking, ensuring something unpleasant will take place.

A few months ago, Canada's unemployed exceeded 900,000 for the first time in longer than anyone seems to remember. Figuring that high unemployment signals depression, the country panicked. Retail sales have fallen sharply. Travel is down. Everyone is busy saving rather than spending, hoping to have a nest-egg if their jobs go, too.

In fact, disaster is not inevitable. More unemployment than the government seems willing to admit exists because of generous unemployment insurance and welfare.

There is real unemployment, too; but it is concentrated in certain age groups and regions. However, as the Canadian Federation of Independent Business points out, unemployment is a temporary problem. Canada has the fastest growing labour force in the Western World right now (which explains the unduly high unemployment among the under-25-year-old Canadians). In only a few years, however, growth of the labour force will come to an abrupt slowdown and there will be serious shortages of labour. Our priorities must be in the development of people with skills to meet the coming demand for their labour.

So, although we do have unemployment problems that are not capable of being easily solved in the very short run, there is certainly no reason to panic. Workers with a job in a stable industry now have no reason to lose sleep about security.

There's no reason to be concerned, that is, unless we talk Canada into a recession. Investors in the stock market suffer big losses because they react as a pack, stampeding at the least sign of danger. They "psych" themselves into a bad market. And consumers can psych us all into a recession.

Saving a bit is good; it provides investment capital. Saving too much is bad; it puts Canadians out of work. The rational approach to today's economy is to carry on normal spending habits. If we're not careful, we could find ourselves trapped in the panic, running from the economic fire.

What Caught Our Eye

FRENCH REGAIN PRESTIGE From the Albertan

PARIS - After March's shattering setback in municipal elections, President Giscard d'Estaing appears to have recovered a certain amount of lost prestige with a well-executed intervention in Africa to discourage new Soviet advances on the dark continent.

The logistics support consisting of airlifting military supplies from Morocco to Zaire lasted barely a week. Despite the limited nature of the operation, it offered an opportunity for France to show it still existed as a middle power and for Mr. Giscard d'Estaing to demonstrate tactical flair in foreign affairs.

At home, the Gaullists forgot their quarrels with the president to praise the move as being worthy of the late General de Gaulle. The opposition's charge that he was dragging France into a Vietnam-style imbroglio failed to stand up to facts.

Abroad, there was wide approval in the moderate and pro-Western states of French-speaking Africa, embarrassment and annoyance in Moscow, and implicit endorsement in Washington.

In short, Mr. Giscard d'Estaing made a big impression by acting in a prompt, efficient manner that contrasted sharply with a prolonged period of hesitation and uncertainty in domestic policy.

Moreover, in his television interview last week, the young leader, often a brilliant communicator, found the right words to mobilize French opinion. France's intention, he said, was to flash out two principal signals to Africa.

The first was to give friendly African nations a sense of security. "We don't want them to feel abandoned. They will not be abandoned."

The second was to show Europe's solidarity with Africa, which wanted no part of "conquering ideologies" but wanted African problems to be solved by Africans alone.

In his remarks, he also made it clear that France had acted independently - without consulting the United States. He recalled that Zaire, the former Belgian Congo and the second most populous French-Speaking nation, and France were linked through a bilateral co-operation agreement.

In recent years, various European leaders have deplored Europe's "non-presence" in international diplomacy without doing anything to rectify the situation. France has asserted such a presence at a time when post-Vietnam jitters has rendered the United States more hesitant to commit itself in world trouble areas.

Inside the past decade or so, the Soviets and Cubans have become virtual masters in Angola, in the former French Congo (Brazzaville), in Somalia and in South Yemen. They are heavily present in Algeria, Libya, Ethiopia, Nigeria, Madagascar, Tanzania, Mozambique and in the Western Sahara.

**Wonder what the mayor
of Worthing thought
of this little lot?**

Fire department operations in the city of St. Albert

The recent "political treatment" given to the St. Albert Fire Department by the St. Albert Gazette has tarnished the public image of a department that has served this community faithfully for decades. It will be a difficult task for the council and the administration to "pick up" the pieces left after the the Gazette's mishandling and misrepresentation of the situation and attempt to restore the confidence and morale of the officers, men and volunteers in the department and in the public's mind. I am confident given the high calibre and dedication of the men on the force that this can be achieved relatively quickly.

COUNCIL POLICIES

The present St. Albert City Council has placed a high priority on upgrading and improving the quality of the fire department: In 1974 seven full-time firemen plus volunteers were allocated \$157,713 from the municipal budget - approximately 3.71 mills - to provide fire protection to the community. By 1976 the number of full-time positions were increased to

15 with budgetary allocations amounting to \$307,530 or 5.48 mills. The present budget provides for an increase of four more positions and an estimated expenditure of \$457,444 or 7.16 mills. Clearly, the expansion in full-time fire department positions from 7 to 19 between 1974 and 1977 coupled with an increase in expenditures from \$157,713

policy position adopted by the new council that is elected next October. In my opinion the upgrading of the fire fighting capability of the department should be continued over the next three years. Clearly, the rate at which manpower and new equipment is added will depend partially upon the need to meet the demands of the new commercial and in-

MD's residential and industrial areas or the MD must accept the responsibility of providing its own fire fighting capability. I am unwilling to recommend continuation of an agreement with the MD which requires major subsidization by the St. Albert taxpayer along with the establishment of a high risk situation everytime that our men are required to leave the city and fight a fire in Sturgeon.

Dr. R. H. M. Plain,
Mayor.

Mayor's Column

to \$457,444 (3.7 to 7.2 mills) completely substantiates the authenticity of council's desire to rapidly improve and expand St. Albert's fire fighting capabilities. It is felt that any claims to the contrary are not based upon an understanding of these facts.

FUTURE POLICIES

Decisions regarding the continued expansion of our fire department's capabilities will be dependent on the

dustrial developments that will be constructed in the next few years and partially upon the need to simply continue to improve our existing capabilities. It should be noted that the city is presently discussing the resolution of the old fire agreement with the MD of Sturgeon. In my opinion the MD of Sturgeon must either increase its payments in order to allow St. Albert to acquire the permanent manpower and equipment needed to adequately serve the

All-news broadcast

Canada's first all-news FM radio network is expected to begin transmitting on July 1, writes Douglas Gamble in The Financial Post. The general manager of Toronto-based Canada All-News Radio (CNR), David Ruskin, says the network's first day on the air will probably be devoted mainly to special Dominion Day programming. He says he is confident the July 1 target date can be met. The network will begin initially with three stations, in Toronto, Ottawa and London, Ont., broadcasting from 6 a.m. until midnight. Stations Vancouver, Edmonton and Calgary will be added in September, with Regina and Winnipeg following next spring and Saint John, Halifax and St. John's completing existing network plans in autumn, 1978. When the Canadian Radio-television and Telecommunications Commission awarded CNR its FM licenses in July, it excluded the sought-after Montreal market, citing a scarcity of available FM frequencies and an abundance of existing English-language radio stations. Ruskin says plans for a Montreal affiliate have been shelved for the time being (CNR would likely have to buy an existing Montreal station), but emphasizes that there will be a full-time Montreal news correspondent to provide coverage for the other network stations.

Information session on gov't assistance programs

The Federal Business Development Bank invites the public to an information session on government assistance programs on May 26, at the St. Albert Inn, St. Albert. The session commences at 8:30 a.m. and is expected to last two and one-half to three hours. Participating speakers will consist of officials from the Federal Business Development Bank, Federal Dept. of Industry, Trade and Commerce, and the Provincial Dept. of Agriculture. This session is organized by the Management Services Division of the Federal Business Development Bank and is co-sponsored by the St. Albert Chamber of Commerce.

The objectives of the session are to acquaint businessmen with the availability of government assistance programs and how to contact the program sources; to acquaint the public with the content of the programs; to publicize the Federal Business Development Bank's Small Business Information Services and other Management Services. Harold Dashevsky, manager of the Federal Business Development Bank, West Branch, says this session is one of the 50 being held across Canada this year. This session is the second held by his branch. The first session, held in Spruce Grove, had a turnout of 135 people. Mr. Dashevsky would like to

thank the participants and invite their enquiries if the Federal Business Development Bank can be of service.

In addition to providing financing, the Federal Business Development Bank provides information services; management training and management counselling. For further information Mr. Dashevsky invites you to contact either himself or Francis Young, management services officer, at 452-3232 or visit the office at 11574 - 149 Street, Edmonton.

The Federal Business Development Bank requests that businessmen interested in attending the St. Albert session confirm their intentions by telephone.

Pay television

The Canadian Pay Television Network is presenting a proposal to the CRTC which includes investing as much as \$16 million a year - \$80 million over five years - in the Canadian program production industry. The company feels that with a budget of this size Canadian productions would be of high quality and saleable on the international market. They also believe that by televising popular theatrical ev-

ents, more money could be channelled into the performing arts and a greater segment of the public would be able to enjoy this entertainment at a low price.

The channel would cost subscribers about \$8 a month and would carry between six and eight current films and specials each month. By using existing cable networks the new network could reduce the cost of 'start-up' and be assured that unfore-

seen technical difficulties would not interrupt service.

Pay TV puts the costs up front whereas commercial TV is supported by advertising (to the tune of \$150 per person per year in the U.S.) which consumers pay for as hidden costs in the products they buy.

Due to the great number of interested groups submitting proposals on Pay TV in Canada the CRTC is convening another hearing in

May to further clarify the issues. Despite the benefits

of pay television, the CRTC has not yet made any commitments to its development in Canada although

Mme. Sauve, federal communications minister, has said that "some form of pay television is inevitable."

Snowbirds

featured at

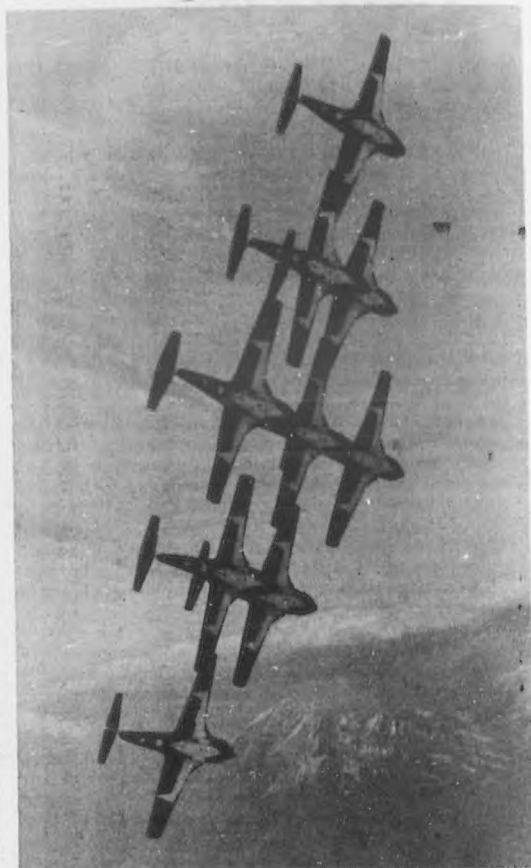

Wetaskiwin

Air Show

The Wetaskiwin International Air Show '77 promises to be an exciting and interesting event which will include aerobatics, fly-bys, a hot air balloon display, a power gyrocopter display, and a glider and sport parachuting display.

The Canadian Armed Forces air demonstration team "The Snowbirds," "The Canadian Reds" of Vancouver and Joann Ostrud from Seattle will provide the aerobatics. Fly-bys will be made by the "Country Club of the Air" (Harvards); Canadian Forces Hercules Transport and Russ Jensen in his Fleet Finch (a vintage bi-plane).

The official opening takes place at 6:45 p.m. May 17 at the Wetaskiwin Municipal Airport. The show is scheduled to last over two hours and, as there are no bleacher facilities it is suggested that spectators bring along a lawn chair. The Snowbirds will be the first performance so be there early.

Pictured above are the Snowbirds in overlapped seven jet formation. The aerobatic group was formed to demonstrate the skills of the Canadian Armed Forces and will perform at the Wetaskiwin Air Show May 17.

TRIM BUDGET, LEDUC SCHOOL BOARD TOLD

The Leduc county school committee has been told by the Mayor of Leduc it must pare its proposed \$9.6 million budget and reduce the resulting tax increase or the town would investigate "other alternatives."

The mayor later explained the alternative, stating that the town would look into the possibility of operating its own school system if the school committee does not comply with the town's wishes. The proposed budget would impose a four mill levy over the provincial government spending guidelines and increase the town's tax rate by 9½ mills. On an average assessment, this would amount to an increase of \$66 to Leduc taxpayers.

Members of the school committee were unanimous in their opinion that the budget could not be cut. The problem arises from a \$416,000 deficit incurred in 1975, which the province has told the committee must be recovered within three years from the time it was incurred.

The district's school superintendent feels that the budget

cannot be reduced without making staff reductions, which he termed an "absolutely last resort thing."

The school committee will hold a plebiscite on the issue.

BIAS BEAVER DAMS FOR WATER

Although still critical, the water shortage at Vegreville has been improved by the demolition of beaver dams in the Vermilion River. Several of the dams have been blown up to release water into the river from which the town obtains its water supply. The action has added enough water to the river to raise the water level in the town's reservoirs by two feet.

Steady pumping has been maintained to build up the reserve and the destruction of more beaver dams is planned. The Department of the Environment has assured the town that the town's situation is being considered and that if necessary a well located at the Environmental Lab site would be activated.

The mayor has reminded citizens that the critical situation still remains, and that water use is still restricted.

ADDICTION "FARM" IS NEW CONCEPT

In a quiet woods eight miles from Alsike, in the Leduc area, the battle against alcoholism is being fought on new terms.

The Alsike farm is funded by the Alberta Alcoholism and Drug Abuse Foundation. Located on a 540 acre site, the farm provides a homey but work-centred atmosphere. The 18 male residents are housed in cedar chalets, with six men to a chalet. Unlike other treatment centres in the province where 28 days is the longest live-in period, residents stay on the farm for a minimum of three months. Before coming to the farm, they must have tried and failed at the detoxification centre and in other programs.

The residents' days are occupied with working, at gardening, clearing underbrush, landscaping, farming and maintenance. Evenings are quiet, with films and AA meetings.

Only the farm's manager has been trained in treatment with AADAC. The other employees are hired from the local

The Business Scene Pension plans in trouble?

There were 1.7 million Canadians aged 65 or older in 1971; in the year 2000 there will be twice that number. Hence one of the major issues in the field of both Welfare and employee compensation over the last quarter of the century is likely to be pension policy. The obvious problem is how will working Canadians be able to continue supply funds for pension support, particularly in view of the indexing of public plans. The Canadian Federation of Independent Business points out that, at present, the level of contributions being made by workers to the CPP/QPP is inadequate to cover the promised benefits when those workers retire - even without indexing. It has been estimated that contributions must be raised to 30% of worker income to put the CPP/QPP back on its actuarial feet. The Federation also fears that civil servants and MPs who enjoy these 'pro-

ected' plans will not have the incentive to perform their duties responsibly.

A substantial amount of CPP/QPP monies is lent to the provinces in low-interest notes and the Provinces usually spend the funds on current consumption. At this rate the Federation sees only two possible results unless the present policy is changed; either taxes will have to increase substantially or the provinces will default on the loans. They see a situation much like that experienced by New York city.

In response to similar fears the Minister of National Health and Welfare Marc Lalonde announced Thursday, April 14 the mounting of a major study by his department and the Finance Department into both Public and private pensions in Canada. It is hoped that this study will produce the answers to what has proven to be a very complex problem.

Understanding Canada

The National Survival Institute, a non-governmental organization dedicated to seeking a practical means of ensuring the future for all, is convening an Understanding Canada conference in Quebec City May 13, 14 and 15. The conference will provide a non-political forum in which Canadians from all walks of life of many cultural backgrounds and speaking many languages can come together to seek understanding of each other's points of view

about Canada. Hopefully this will help point the way to new directions for a better Canada for all its people.

The conference program will include plenary sessions with keynote speakers; workshops; free discussion periods plus entertainment in the form of films and music.

A newspaper will be published reporting on the conference from which further follow-up on these pages will be possible.

St. Albert Council Briefs

Following are some of the highlights from the regular meeting of St. Albert council May 2nd night. Mayor Dick Plain was in the chair and all councillors were present.

ST. ALBERT will be circulating a letter from the Sturgeon General Hospital Board to the city administration for input on a future role committee for the local hospital.

The hospital is asking for consideration of topics like inpatient and outpatient services at the Sturgeon General, the need for related auxiliary hospital services, teaching programs for health

care personnel and mental health facilities and services. Other areas for input are home care programs, preventive medicine programs and a hospital based ambulance service. Council was also informed that hospital board member Armand Donais will no longer be one of three St. Albert representatives on that board as he is moving to Regina.

THE MIDNIGHT TWILIGHT Tourist Association is looking for a \$500 contribution from St. Albert for a proposed tourist office in St. Albert. With St. Albert reviewing its relationship

with the Tourist Association, the MTTA may be lucky to get the contribution.

"Westlock is in the same (position) as we are, re-assessing its position," said Alderman Barry Breadner.

Information received by council from Travel Alberta shows that St. Albert just missed being shown as a city on the 1977 road map.

But a letter from Travel Alberta says St. Albert could be shown as a city on the 1978/79 road map, which will

likely go metric.

THE STAFF of the Albert Lacombe School and its students may get a chance to co-operate directly with city administration staff on planning a creative playground to be located near the school.

Children at the school wrote their own request to council for the playground which led Alderwoman Myrna Fyfe to say "I presume we will have to take this request seriously."

Ald. Fyfe also suggested that the Recreation Director Bernie March speak to the grade four students at the school and pass the news about playground co-operation to them directly.

ST. ALBERT ENTERED into an agreement with the St. Albert Lions Club to look after the Lions Park opposite the Grandin Shoppers Mall.

The park is operated by the Lions Club, but St. Albert agrees it should look after "certain matters of maintain-

ance and upkeep" in the park. Mayor Plain described the park in "unpalatable" condition.

EDMONTON ALDERMAN Ed Leger could be at the St. Albert council of June 13 or 20 on the problem of revenue sharing with the provincial government. Council received a letter from the alderman on the subject. Ald. Leger is the president of the Alberta Urban Municipalities Association.

PEDAL PUSHER PROGRAM

sponsored by
THE ST. ALBERT SAFETY COUNCIL

Instructional meeting to be held on **Thursday, May 12th** in the Assembly area at Sir George Simpson School at 8:00 p.m.

All volunteer co-ordinators, instructors and bike checkers are requested to attend.

Instruction material will be given out; information and demonstrations will be given.

THIS WILL BE THE ONLY INSTRUCTION MEETING HELD BY - THE ST. ALBERT SAFETY COUNCIL IF YOU VOLUNTEERED, OR IF YOU WOULD STILL LIKE TO HELP, PLEASE BE SURE YOU ARE THERE.

Pedal Pusher program needs parent involvement

A meeting of all volunteer co-ordinators for the pedal pusher program was held on Thursday, May 5.

There was a good response to the request for co-ordinators, but some areas, notably Grandin and Sir Alexander Mackenzie are going to be short of instructors, there being a preponderance of people volunteering to check bikes, but lamentably few to instruct. This may mean that some children cannot be accommodated, since parent volunteers are essential to the success of this program.

The St. Albert Safety Council, due to illness, unavoidable resignations etc. has only five or six members available at present to set this program up. Once parent volunteers have been briefed and materials distributed, the council acts only in a supervisory capacity.

It is a pity more parents do not realize the importance of instilling a good knowledge of safety measures, on and off a bicycle, while their children are young.

One has only to see the inconsiderate, careless and discourteous attitude of some

neighborhood young people when they get on to a motorcycle or behind the wheel of a car, to know that these young people need parental guidance. Left to go on their own way they often kill or maim either themselves or someone else. These are the ones who give

all teen-agers a bad name. The habits for safe driving can be initiated in the youngster who is taught how to ride his bike safely.

The pedal pusher program is important, but we must have parent involvement. The St. Albert Safety Council

can only do so much. The rest is up to you. A meeting of all volunteers, co-ordinators, instructors and bike checkers will be held at Sir George Simpson School, in the Assembly area, at 8 p.m. on Thursday, May 12. (See ad. this issue).

St. Albert couple adopt Korean child

On Christmas Eve of 1976, the Helfrick family of 42 Gillian Crescent made room for one more in their family of three girls. The welcome addition is Soonie Boc, or "Soonie," a four year old Korean girl.

The Helfricks prepared themselves for Soonie's lack of English by learning a few Korean phrases from Mrs. Kim at the Sturgeon General Hospital. However, Mrs. Helfrick reports that their knowledge of Korean now surpasses Soonie's, who quickly replaced Korean with English.

So well has Soonie adapted in fact, that she now exhibits some very North American

social behaviour -- When the Fonz appears on TV, Soonie greets him with the usual "Ayeeee!"

Mrs. Helfrick told the Gazette that Soonie came to the family from an orphanage at Seoul, and that the little girl's experiences had not been pleasant ones. However, although at first Soonie had to be taught the most basic of learning play activities, she whizzed through these stages at an accelerated rate, and now plays and learns at the four-year old level.

The Helfricks have made sure that Soonie doesn't form the usual heavy TV watching habits of some North American kids, and have substituted playing house, swimming, sliding and swinging. She enjoys playing with her sisters, one 11 years old, and twins aged 14.

City woman is foster parent

For little Pablo Apaza and his family, life has been made a little easier, thanks to the generosity of a St. Albert woman. Miss Judy L. Gouchey of St. Albert has joined the foster parents plan and will send \$19 a month towards the family's expenses. This donation will provide the family with either a cash grant or benefits such as free medical and dental care, prescriptions, counselling by social workers, and special programs. The aim of the program is to help the family become independent and self-supporting.

The Apaza family live in El Tejar, Bolivia. Pablo is 10 years old, and has black hair and eyes. His father is a fruit seller, and also attends school in the 10th grade.

The family lives in one, multiple purpose room, with an earth floor and tin roof. They have few articles of furniture and no bathroom facilities. Mr. Apaza's meagre income of \$47.50 a month provides little in the way of comforts for them.

EDUCATION COMMENT

ATA happy with extended practicum

Expressing satisfaction with the government's announcement of funding for an extended practicum for education students, ATA president Halvar Jonson today said, "I'm pleased with this decision. It is a major step forward in four

years of effort by the ATA to have an extended practicum implemented."

"While we are disappointed that some of the original proposals will not be implemented, we welcome this as providing funding for a considerably improved tea-

cher training program," he commented.

The Minister of Advanced Education and Manpower and the Minister of Education have announced that the government will be providing the Universities of Alberta, Calgary and Leth-

bridge with an extended practicum implementation grant amounting to a total of \$1.5 million annually for four years.

In addition, teacher certification requirements now will include 13 weeks of practical experience in Al-

berta classrooms, more than doubling the current practicum length. This will affect students beginning a B.Ed. program in the fall of 1977 and any education students who have not yet begun their practical experience.

The ATA, the Alberta School Trustees' Association, and the three universities have been working together in an effort to get an extended practicum imple-

mented. In late 1976 they came up with a proposal which the government did not accept at that time.

One of the significant features of the announced extended practicum program is provision of initial training and continuing education for the classroom teachers who will be working with education students, said Mr. Jonson.

ASTA critical of school act amendment

Alberta school children are going to lose the benefit of expert assistance in their educational processes if one section of the Alberta government's amendments to The School Act is passed, according to Alberta School Trustees' Association President, Dr. Alex Proudfoot.

Dr. Proudfoot said the proposed amendment to Section 73, prohibiting uti-

lization of persons in a consultative or supervisory position unless they are certified teachers, will do substantial damage to educational opportunities for school children.

Effected by the new regulation would be such persons now available for use by school administrations as speech therapists, personnel officers, psychometricians,

social workers, school psychologists, and even administrative people such as secretary-treasurers.

"There is no necessary relationship between teaching expertise and the functions of these people," said Dr. Proudfoot. "It appears that the government is responding to the alarm of the Alberta Teachers' Association that anyone not a

member of their organization should have input to the educational process."

"Educational administration is a lay prerogative and, in the opinion of the school board such persons as those listed above, and others, are beneficial to the students and their parents, the board should have the right to employ them," he declared.

Solar energy conference at U of A

Interest in solar energy in Canada is increasing in direct proportion to the increase in conventional fuel bills. Those wishing to know more about the subject should note that the Solar Energy Society of Canada is holding its third annual meeting at the University of Alberta on August 22, 23 and 24.

The conference activities will include major equipment

displays of available Canadian materials, a "poster session" for dialogue and "mini" presentation by amateurs and handymen.

There is an advanced registration for the conference. Until June 30, members will be charged \$50, non-members \$60 and students \$15. After June 30, an additional \$5 will be charged.

Rawhide manufacture course taught

To manufacture usable rawhide the way the plains and woodland Indians used to is a challenge. It involves quite a few steps including getting the hair off the hide, scraping the hide and stretching and drying the hide. The timing of the steps in this process is important and there are a few "tricks of the trade" which make the

manufacture of the rawhide less difficult.

Ben Buss has designed and will teach a course on the manufacture of rawhide for Grant MacEwan Community College this spring. Students in the course will actually prepare a rawhide and make a piece of it into an article of their own choice, eg. snowshoe lace, berry pounder,

parfleche, etc.

The course will be illustrated with slides and artifacts found in the Edmonton area.

As most of the work on the hide needs to be done outdoors, this course has been scheduled to begin late in May giving us long daylight hours. The course will run for three weeks on Tuesdays and Thursdays between 6:30 and 9:30 p.m. beginning on Thursday, May 26. The course fee is \$30 and that includes the cost of the hide. (One hide will be shared among approximately eight students).

INTERESTED IN HOSPITAL GROWTH?

The Alberta Hospital Services Commission has instructed the Board of the Sturgeon General Hospital to define the future role of the hospital, with a view to the expansion of facilities and services.

A "Future Role Committee" has been established to present a forecast of the functions of the Sturgeon General Hospital up to and beyond 1987.

To assist in this task, the Committee requests opinions from interested persons and organizations to evolve a plan for an expanded hospital which will economically and effectively provide health care for our community in the future.

Among topics to be considered are:

- Inpatient and outpatient facilities and services
- Need for related auxiliary hospital services
- Teaching programs for health care personnel
- Patient and public educational programs
- Pastoral care services
- Community social services
- Mental health facilities and services
- Home care program
- Preventive medicine programs
- Hospital based ambulance service

We need your assistance in this vital endeavour and request that submissions be made by June 30, 1977 to:

Mr. Stanley M. Walker,
Chairman, Future Role Committee
Sturgeon General Hospital
78 McKenney Avenue
St. Albert, Alberta. T8N 1L9.

Community education a reality at Bertha Kennedy

- parents heavily involved

Trustees of School District 3 had a chance to hear of the success of the Community Education project at Bertha Kennedy, first-hand on May 2, when the school's principal and vice principal gave a report and evaluation of the first year at the Community School.

Principal Ross Johnson told the board that the concept of Community Education depends upon three components -- the community use of schools, the involvement of parents in many areas, and staff involvement in the community. Mr. Johnson felt that progress had been made in all these areas. He gave a rundown of the community use of the schools, which was extensive. Many of the activities involved both parents

and their children in different sport and recreational activities, such as gymnastics, basketball for mothers, macrame for children and parents, volleyball and floor hockey. He commented that Bertha Kennedy had added to the Joint Use concept with a variety of activities for the community's adults and youngsters.

Vice-principal Joe Laplante explained the various ways in which parents are involved in the day-to-day life of the school. Parents act as teacher aides, primarily in grades 1-3 during the school day, and 15 parents act as lunchroom supervisors during the noon hour, allowing teachers a half-hour to eat their own lunches before taking over outdoor supervision. Parents have helped

considerably with transportation on field trips, allowing the school to forego using district buses on most of these occasions.

He explained that parents act through the Parent Advisory Committee, determining how well the school is achieving the goals set out by the Department of Education. This concern over curriculum and academic matters has increased valuable contact between the school's staff and parents.

Mr. Laplante told the board that some programs have been initiated with the help of parents and children. These include swimming, outdoor education, skating and skiing.

In addition to parents, two high school students and one university student help out with programs. Parents lend their assistance in the Library, and form Special Task Forces to aid in special projects such as Hot Dog Day. One parent conducted a Poise Plus class for grades 7 and 8 girls with no charge, and the course was a popular one.

The school has been the scene of various religious exercises, including a baptism held in class. Mr. Laplante commented that the practice of having students in grades 7 and 8 help with recess supervision has produced a new and helpful

attitude in the older students, who are now always ready to help their younger schoolmates.

EVALUATE CO-ORDINATOR

Mr. Johnson then gave his evaluation of the position of Community School Co-ordinator, presently held by Sue Hoffart. He explained that having a person in this position gives the school an opportunity to promote parent involvement. In this job, Miss Hoffart has developed positive relationships with parents, and Mr. Johnson stated that he felt the position was a valuable one. He said that as the situation stood now, Miss Hoffart would not be at Bertha Kennedy next year, as her department of education sponsorship runs out. He emphasized that he would like to have Miss Hoffart continue in this position at the school for another year, and was going to approach the department with this request. He requested that the board consider sponsoring her themselves for the 1978-79 school year, after which time she would have received her teaching certificate and could be hired by the school. He felt that if the Department of Education was aware of the board's willingness to sponsor her in 1978-79, they would be more inclined to look at the possibility of sponsoring her next year.

FEEDBACK GOOD

After the presentation by Mr. Johnson and Mr. Laplante the board members

had a few questions. Trustee Peter Freeman inquired if there was any difference in parental attitudes to the school and its staff, and was answered positively by Mr. Laplante. He said that parents were more open now, and that the school received a lot of feedback from them, both positive and negative. However, he commented that even criticism was phrased constructively in most cases. Mr. Freeman then asked what they considered the essential ingredient in community education, and Mr. Johnson

replied that it was support from the district, and an enthusiastic and interested staff. The size of the school is also critical, and both men stressed that it would have been impossible to achieve the same results in a large school. However, this does not preclude growth at Bertha Kennedy as the Community Education concept will grow with the school.

The trustees thanked the two men for their presentation and said they would consider the matter of the Community School Co-ordinator.

Language arts conference held

English '77, a summer institute at the University of Calgary, will give education students and teachers of English the opportunity to learn the newest techniques and practices in their field. The institute, held from July 4-22 will consist of five credit courses and a number of major lectures. Instructors will be present from around the world, with participants from all over the country.

The course offerings are

Language and Learning in English; Audio-Visual Media in English; Language Across the Curriculum; Current and Recurrent Issues in the Teaching of English; and Children, Books and Language -- The Elementary Grades.

For more information regarding registration, please contact Dr. Merron Chorney, English '77, Faculty of Education University of Calgary.

Association for mentally handicapped established here

A new association for the mentally handicapped has been formed in St. Albert. Under the name the St. Albert Association for the Mentally Handicapped, they will hold a general meeting

on Wednesday, May 11, 7:30 p.m. in the Akinsda Clubhouse on Alpine Boulevard. All interested members of the general public are invited to attend.

The association has not yet established membership, but copies of the proposed bylaws will be available at the meeting. An executive has been elected and they are as follows: President, Bill Collins; Vice President, Mrs. Wagner; Secretary, Ev Gabourie; Treasurer, Victor Douzich; Public Relations Officer, Duncan Taylor.

Public Relations Officer Duncan Taylor explained to the Gazette that the new local organization has been set up independently of the Edmonton association because St. Albert is now of size to need its own.

School Days In St. Albert

Accent on Akins

By Shawna Thronsdon
It is now May and students are getting in the mood of

summer. With all this beautiful weather who wants to sit inside a stuffy classroom.

Fortunately many activities are coming up to relieve the drudgery.

The prom is the main function of the year and therefore it dominates many of the activities. A work

weekend was planned for April 30 and May 1. This is when the Gr. 9's went out and did an assortment of jobs such as window washing, raking, car washing, etc. The students raised over \$300 and would like to thank St. Albert residents for their support.

A bottle drive and disco are also scheduled for the near future. All of these activities are to raise money to finance the Grade 9 prom.

Towards the end of May we're all going to get greased up and slicked down as we relive the good old rock and roll days. After school there will be a greaser dance as we try out some of the fancy steps we've learned in our gym program.

A couple of events happened some time ago but have not yet been mentioned. The Lorne Akins Science Fair was a great success and the turnout was tremendous. This year the fair was made invitational so there were many other schools competing as well. Many of the top projects then went on to the Edmonton Regional Science Fair where Lorne Akins won two honorable mentions. A special thanks should go to Mr. Kenakin and Mr. Dukovac for organizing everything.

On April 16 many of our students competed in the track and field events held at the Kinsmen Field House.

Some of the better performances, were put on by Trish Saunders, Karen Ulrich, Tanis Mowbrey and Shannon Armstrong as they came in second in the 4 x 400 girls relay. In boys shot put Mark Verhagen, Mark Reimer and David Clark were also outstanding.

Two weeks ago a busy time as Fund Raising Day was held. Some of the activities include a marriage and divorce booth, throwing sponges at teachers, pillow fighting on a beam and much more. In conjunction with fund raising day was the Band Wake-a-thon. The 30 hours began at 8 Friday morning and lasted until 2 Saturday afternoon. While a few could not make the whole 30, the majority did. Some of the money raised will go towards the foster child and the rest will be used to help pay for any trips the band might go on.

June 30 is the day we all get out for summer holidays. The second last week before we get out is for exams up until June 23. June 25 is the day of the prom and the graduation dance will be held that evening with the band "Lover." On the 28th the Grade 9's will be having their day out at Mink Lake. Thursday morning, June 30 we come back for our report cards and then we are home free, ready to relax for the rest of the summer.

Paul Kane News

By Carolyn Seltz
If anyone looked unsuccessfully for one of these articles last week - there

wasn't one. I can plead only spring fever. The warm sun and slightly green grass of the Great Outdoors sapped

any literary ambitions on my part, and I spent my free time with the rest of Paul Kane's afflicted population, sunworshipping. Despite my neglect, however, we're all alive and well, even if restrictive clauses and logo rhythms have taken second place to the health and welfare of the day's tan.

The word "spring" is almost interchangeable with "track and field," track arriving as a corollary to the season. Our first school track meet will be on May 13 at P.K. A step higher the Sturgeon Conference will take place on Wednesday, May 25 in Morinville, Sherwood Park will see the North Central Zone Meet, Saturday, May 28; the Northern Alberta Championships will be held in Camrose, Saturday, June 4, and finally, the Provincial Meet in Calgary on the 11th of June.

Moving to a less strenuous subject, the week of June 6 to June 11 will see Paul Kane's "Festival of the Arts" in the school's Theatre Arts Room. It will consist of an Art Show with painting, pottery, batiks, prints, drawings and design work and drama presentations and band concerts. Posters will be put up advertising times and dates.

Another sign of the season, grad tickets, will go on

sale Wednesday, May 5. There is a limit of four tickets per grad student, and the ticket price is \$10.00.

The Provincial Debate Championships were held on April 23 at P.K. The resolution - that the federal government should grant immediate approval for the construction of the Mackenzie Delta pipeline - was debated throughout the day by all classes of debaters. P.K. did very well, but even if we hadn't, the day would have been worthwhile.

The fashion show last Tuesday, April 26, was a success. The cafeteria was full and all tickets sold. The clothes modelled were, naturally, beautiful and the students and teachers modelling carried the show off with poise and, in one case especially, exquisite sophistication. After the show, the drama club gave a slight preview of their coming presentation, "Tom Jones." Its three showings will be in the evenings of Thursday, May 5, Friday, May 6 and Saturday, May 7, it looks to be a very entertaining play. I'll see you there!

Voice of VJM

By Liane Lynch
Wow! Only 31 days of school left excluding weekends and holidays. (I counted). I suppose everyone is beginning to feel that way, especially the grade nines. High school is right around the corner and the graduation exercise and dance is less than a month away. Although our students union will not let on about what is going on for the graduation, it's sure to be a winner. Speaking about winners, we had quite a few last week. Our annual Oratory Contest was held last Wednesday and Thursday. The speeches were excellent. The oratory finals were held at Vincent J. Maloney.

The competitors were, from - Grade 7, Louise Dalphond, Anne Marie Willott, Mike Cherkas, Grace Polanski, Karen Leeuw, Sharon Kushniruk and Marcel Bellemare;

From Grade 8 - Darcy Lalor, Debra Rosadiuk, Sheila Switner, Kevin Perrott, Annette Desrosiers and Michael Solonyanko competed.

From Grade 9 - Leo Huot, Paul Hoffart, Chris Johnstone, Mark Barry, Carmen Cassidy, Colette Wooding, Luc Fortin, Sue Hauser, Dwayne Malone, Renata Joly, Danielle Joly, Monica Tap and Shelly Kowalski were the competitors.

The judges for grade 7 and 8 were Mr. Elmer Gish, Mrs. Ann Smith and Mr. Bill

McLachlan. For grade 9, Dr. W. Zielinski, Mrs. Bertha Kennedy, and Mrs. Vicky Knight acted as judges.

The winners were for grade 7 - Louise Dalphond in first place and Anne Marie Willott, second place. In grade 8 - Debra Rosadiuk won first place and Darcy Lalor and Annette Desrosiers tied for second. For grade 9 - Carmen Cassidy came first and Shelly Kowalski was second.

Congratulations everyone! May 2; 3 and 4, Mr. R. O'Donnell and Mr. B. Berry chaperoned the outdoor survival camp. Everyone enjoyed it immensely. Some complained about the long walk to camp but everybody had a good time. There will be a couple more groups going before the end of the year including an advanced group. Have fun!

St. Albert High in cross - Canada run

St. Albert High School, as most of Alberta high schools, was involved in the Cross-Canada Run. This was an event sponsored by the Provincial and Federal bodies of high school athletics. The event was aimed at focusing attention on high school athletics across the country. Participating schools were asked to raise money to support this event. At S.A.H.S. we devised the basketball calcutta in which

the sure-shooting-staff were first of all sold to the highest bidder and then sponsorships were raised by these bidders for the great shoot-off. The shoot-off consisted of the number of baskets that could be made in a 10 minute interval from the foul line. The sponsoring groups worked hard with their teachers perfecting ball retrieval systems and the teachers shooting powers. Local businesses as well as student's parents

and friends contributed on a per shot basis to the sponsorship. The end result being a very pleasant experience for both staff and students. John Marchand was high shooter potting 174 baskets in 10 minutes and the over-all winner, handicap and shots made, was Gary Szybunka. High sponsorship to the group sponsoring Hank Reinbold.

We sent three students to participate in the Cross-Canada run on Saturday, April 29. They were Ron Bruinink, Allison Bell and Kathy Rothermel.

[The following is a write-up of the run by one of the participants].

During the week of April 24 to April 30, the high school students of Canada ran the distance of Canada from coast to coast. They were participating in the Cross-Canada Run. The run, sponsored by the CFPSSA and the Alberta Schools Athletic Association was designed primarily with two objectives in mind. One objective being as a money raising venture for the participating schools and the ASAA. The other more important idea behind the run was that it serve as a morale and unity booster for all high school athletics across Canada.

On the weekend of April 30 three students from St. Albert High made their addition to the run across Alberta. Ron Bruinink, Allison Bell, and Kathy Rothermel, all put in strong performances as they each ran a mile in their North

Central Zone's 42 mile mountainous stretch of the David Thompson Highway,

west of Rocky Mountain House. Thanks should be exten-

ded to all who supported this idea and the Cross-Canada Run.

Paul Kane at Calgary badminton tournament

On Saturday, April 30, Calgary hosted the Provincial High School Badminton tournament. Ten zones throughout the province sent 24 man teams to the annual competition held in five Calgary schools.

Paul Kane High School seemed to form the backbone of the North Central team, placing seven players on the 24-man squad.

While Calgary was easily

the class of the tournament accumulating 107 points to win the aggregate championship, North Central Zone showed its strength by winning both the G. Schwartz trophy for being runner-up and the Soprovich trophy for topping all the non-urban zones. Following North Central in order were Central West, last year's runner-up and non-urban winner, Edmonton, South

Central, South East, Central East, North East, South West and North West.

North Central's best individual effort was by Doug Zutz of Stony Plain, who won the boy's singles event and a gold medallion for first place in a provincial competition. Heigi Eyford and Heather York were Paul Kane's best with a second place ribbon in mixed doubles "C" event.

St. Albert schools are active in Pitch-In '77

More than 450 schools, towns and voluntary organizations will participate in Pitch-In '77 during May 9-15 in Alberta. Pitch-In '77 is jointly sponsored by Outdoors Unlittered and Alberta Environment.

Participants range from Chambers of Commerce undertaking a complete town or village beautification scheme to a colony of Beavers scavenging their neighbourhood. "Schools are the most enthusiastic in their response and comprise most of the participants," said Donna Berry, a representative of Outdoors Unlittered in Edmonton.

In St. Albert, Ronald Harvey Elementary School, St. Albert High, Father Jan

School, Leo Nickerson School, Bertha Kennedy Community School, Paul Kane High School and Albert Lacombe School will be involved in the clean-up effort.

Pitch-In '77 is being held simultaneously in British Columbia, Alberta and Saskatchewan under the joint sponsorship of Outdoors Unlittered, a non-profit environmental organization,

and provincial departments of the environment.

A non-profit organization, Outdoors Unlittered was founded in 1967 and is supported by government, industry, media and the public. Information on any of the organization's on-going environmental education programs may be obtained from Outdoors Unlittered, 1-9930-106 Street, Edmonton.

Truck sales booming

Total truck sales are predicted to reach an annual record of 400,000 units by 1978. GM of Canada reports sales are running 16.5%

ahead of last year and should result in the sale of 163,000 plus units. Trucks now account for more than 28% of total GM sales. The greatest increase in demand is in the personal usage market - light duty trucks including pickups vans, four-wheel drives etc., which have now become the "in" vehicles among drivers who formerly bought "muscle" cars.

Current demand levels has plants working to full capacity in an effort to keep up. All indications show Canada's love affair with the truck is not letting up.

Teen News and Views

**By Kelly Daniels
Community Youth Worker**
For all those who may not know how the teen recreation centre is coming along I'm going to spend a little time and bring you up to date.
Over the last three to four weeks Mr. Pete Cole and

various teens such as Rick, Steve and others have been busily working on putting the drywall up on the storage rooms and in the washrooms. In the coming weeks the cement will be laid in the washrooms by two local guys who have graciously volunteered their time and skills to

help out the teens. Then, within days of the cement drying, the tiles will be put down and once that is finished the rest is downhill. The "volunteer" plumbers will move in and finish the plumbing and then the teens will move in to finish off the painting, installing the mis-

cellaneous fixtures and seal the open area floor.

If all goes as planned we're looking for a mid-May to end of May opening. The furniture and recreation equipment will be mostly donated equipment but the teen executive are already planning ways to raise money through memberships and dances etc. to build up a varied array of quality recreation equipment.

As I've mentioned before a teen executive has been elected and an Adult Support Committee has been established to assist the teens in the running of the centre. They are also in the process of soliciting volunteers to work in the centre on a once every two month basis. The people who have already phoned in will be contacted within the next week about a forum to be held in May regarding the Centre.

So, there it is gang, that's where it stands and where it's going and I'm sure you'll be receiving more info within the next few weeks from your school or teen club reps on new developments.

Look, Spartan Hair Stylist, St. Albert Beauty Salon, Macleod's Store, Safeway, St. Albert Inn, Boston Pizza - St. Albert, Burger King, Pick-a-Buy, Mr. and Mrs. Cockwill, Mr. and Mrs. Holth, Mr. and Mrs. Beale, Mr. and Mrs. Smith - and all other families and individuals who helped to make it a success.

Albert Zylstra, who I understand is now called "Our Illustrious Leader" by East Side Teen members, tells me the disco over the weekend was another great success so they are planning another one for mid-May.

This coming weekend Lacombe Teens are holding a disco in the Kinsmen Clubhouse for teens 16 and under. Also, Syndicate will be continuing its long line of outstanding discos in the Grandin Clubhouse.

The Vital Grandin gym program, sponsored by St. Albert Teens, is still going for at least a couple of weeks

more as is the Robert Rundle program sponsored by Lacombe Teens and the Sir Alexander Mackenzie program sponsored by East Side Teens.

These programs will probably be closing due to good weather shortly but I'm sure something will be taking there place so keep in touch.

Also, the first organizational meeting of the St. Albert Teen Ski Club will be held Wednesday, April 27 at 7:30 in the Social Services Offices at 20 Muir Drive. Many of the posters around town advertise the meeting place as Father Jan, but this is in error. The group hopes to plan many money making activities throughout the summer to raise money for ski trips next winter so come on out if you're interested.

By the way, many of the organizers of this club have only started skiing this year so you don't have to be good to join, you just have to want to ski in the mountains.

Rape crisis centre

new United Way agency

The Board of Directors of the United Way has approved the admittance of the Rape Crisis Centre of Edmonton as a new member agency for 1978.

The Rape Crisis Centre was formed in 1974 by a group of citizens concerned about the alarming increase in the incidence of rape and sexual assault and the need for an agency to co-ordinate the legal, medical, psychological and sociological services required.

Although their application for a grant from the Provincial Department of Health and Community Services was turned down, the United Way provided a \$5,000 developmental grant in 1976 and again in 1977 to help "get the agency off the ground." Other funding was obtained from the City of Edmonton and from private donations.

The Centre is located in the new YWCA building at 10305 - 100 Avenue, and operates a 24-hour crisis telephone line at 429-0023. In the eight months the Centre was open during 1976, 109 victims of rape and sexual assault were given assistance and a great deal of information has been disseminated to the community through speaking engagements, me-

dia interviews and printed materials. The agency has been working with the police department, hospitals and other agencies in an effort to co-ordinate the various services for rape victims. Significant progress has been made in creating public awareness of the problems surrounding rape and sexual assault.

The budget for 1978 will be

reviewed by the United Way's Agency Relations Committee, along with the budgets of the other 41 member agencies, within the next few weeks. When the amount of the allocation for the Rape Crisis Centre for 1978 has been determined, it will be included in the goal for the fall campaign.

Hospital receives donation

At the May 3 dinner meeting Mrs. Robina Lissey, president of the Newcomers Club, presented Mr. Clifford Keyes, administrator of the Sturgeon General Hospital with a cheque for \$920.00.

The money was raised at the club's annual Spring Auction on April 5. Mr. Keyes informed the members that the money would be used to purchase surgical instruments for the operating room.

The members of the club would like to express their appreciation to the business- es of St. Albert who helped make the auction a success by their generous donations of items to be auctioned or

used as door prizes.

A very special thank you goes out to the Auctioneer Mr. Dick Ryley and his helpers Howard Kowalchuk and Doug Ward, who donated their time and did such a great job.

The next dinner meeting will be held at the Community Hall on June 7. Elections for the 1977/78 executive will be the main item on the agenda, followed by a very special entertainment. All members are urged to come out to this meeting and cast their ballots for the people whom they wish to lead the club in the next year.

TEEN SCENE

The teen executive and adult support committee have asked me to extend their sincere thanks to the following community businesses and individuals who so generously donated to the garage sale held a few weeks back. They are: K-Mart - Northtown Mall, Red Rooster - Lacombe Park, Natural

Paul Kane's "Tom Jones": .. rib-tickling ribaldry!

By Vicky Knight

It was with some trepidation Thursday night that I approached Paul Kane High School, to attend Company 30's production of Henry Fielding's "Tom Jones." To anyone who has read the book or seen the movie, an unavoidable question arises: How is Fielding's bawdy tale going to adapt to the confines of a high school stage?

However, a few minutes into the first act, it became obvious my fears were unfounded. Company 30's production was polished gem, and its lustier passages were handled with savoir faire.

Paul Kane's drama group abounds with budding comics. Although one shudders at the hilarity they must conjure up in a classroom, on stage their comedy is high flying.

Several actors and actresses contributed their own unique comedic flavour. As the narrator and manservant Partridge, Trevor Cousineau, romped through his part with great gusto, and his devilish commentary was both hilarious and unifying to the play. In the case of "Tom Jones," the narrator sets the tone of the play, and Mr. Cousineau performed this function with panache.

Barry Harris played three roles in the play. He appeared as Thwackum, the sanctimonious, hand-wringing minister; a highwayman, whose physical co-ordination invoked visions of a bionic bird with a short circuit, and an officious constable. His antics will no doubt remain

imprinted on the audience's mind for some time, as will those of Ed Gulberg. As the boisterous, bellowing Mr. Western, Mr. Gulberg's rages and roisterings were highly amusing. He has a neat trick of phrasing that renders even a straight line funny.

Carol Hutton also had to play three parts, and made it look easy. As the beleaguered innkeeper at Upton, she ranged from snickering superiority at the outset, to befuddled defeat at the scene's end. Kriss Iddings played the sophisticated Miss Western with finesse and kept us laughing at her determined devotion to the social niceties during her mad pursuit of the recalcitrant Sophia.

Bruce Billingsley's languid portrayal of that aging hypochondriac, Squire Allworthy always provoked laughs, and he oozed goodness appropriately. Mr. Billingsley's makeup and voice aged him with startling realism.

The principal roles of Tom Jones and Sophia Western were played by Todd McLeod and Lynn Bosett. Both showed a great deal of stage presence and handled their long parts with aplomb. Mr. McLeod was perfectly cast as the sunny natured Tom, and Miss Bosett carried off the part of the plucky Sophia with great style.

The smaller parts were well defined and each was distinctively portrayed. In particular, Terri Flanagan as Honour, the maid, drew an

amusing character, delivering her lines in frightened squeaks that tickled the audience. Kelly York was effective as the tearful, timid Harriet, and Barbara Cushing, who also played the doctor was suitably lecherous and conniving as that aristocratic barracuda, Lady Bellaston.

Debbie Martineau's talents as a director were evident everywhere. The timing was acute and the play was paced in a manner that allowed no dull moments. The decision to stage the play in modern dress with only allusions to its period setting was a wise one, as it was no less effective for this economy. The set was equally simple, but effective, lending itself to amusing bits of stage business.

Company 30 clearly has cause for some self-congratulatory breast beating. "Tom Jones" brought pleasure to all who saw it.

A scene from King Puddin' Head the First which captivated large audiences for both performances of the operetta at Robert Rundle school last Thursday and Friday evening.

"Memories" earns accolades as Pitch & Spice tour Saskatchewan

Pitch and Spice are back from their Saskatchewan tour where they presented "Memories" (The Best of Pitch and Spice) which is a medley of their most enjoyed songs over the last few years. This program will now be presented to the St. Albert community on Friday, May 13 at the R.C. Church at 8 p.m.

On their return, all the students agreed that it had been a most enjoyable tour of Saskatchewan. The reception was excellent and the crowds were exuberant and, according to one person, they "felt the musical magnetism of the concert." The discipline of the group contributed to the quality of the finished product.

One of the members, Carmen, said how impressed she was with the attitude of all the group who were on the tour and Garrett felt the most enjoyable part had been all of them being together.

Everyone of the 120 members appreciated the hospitality extended by the Saskatchewan people and felt a warm gratitude towards them both for their reception of the concerts, and their kindness in opening their homes as billets. As Bonnie said, they were fantastic.

Belinda, one of the junior Spice group, felt that the senior Pitch members were really kind to the younger members while Edna and Laurianne spoke for all Grade 12 when they said it was their last trip and they really enjoyed it all. The comments of the group could be summarized by Ted Young when he said "It was terrific."

The audiences were certainly appreciative of the concerts given and the review by the newspaper in North Battleford commented

in part "The Alberta youth have learned a great deal - to sing, to play music, to produce a show that is comparable to any produced by adults. They did it all themselves; they were involved in all aspects of the performance. It was beautiful and I wonder - does Saskatchewan have a group as talented? Perhaps we could learn from our neighboring province."

Tickets for the coming performance on May 13 can be obtained from Sweetheart Jewellery or from members for \$2.50 each or \$3.50 at the door. This concert can be enjoyed by people of any age.

Cinderella-Rockefella, one of the favourite songs of Pitch in their new program "Memories." Janice Kremer as Cinderella and Real Huot as Rockefella are seen here enjoying their presentation of this song at North Battleford, Saskatchewan.

Operetta performed by Robert Rundle students

A full scale operetta, with a cast of 95, featuring solos and dances sounds like an ambitious undertaking, for elementary school students. However, on May 5 and 6, the students and staff of Robert Rundle Elementary School made it look easy when they staged the operetta "King Puddin' Head The First."

Under the direction of Mrs. Hilda McFetridge, the operetta unfolded without a hitch, using two casts in the principal roles. One cast played on the evening of May 5, and the other on May 6. Mrs. Lorraine Russell acted as accompanist, and Mrs. Joy Bacon choreographed the dances. Both performances played to a packed house.

Simon Ford and David Berry took the role of King, with Kathy Anderson and Carla Betton portraying the

Queen. Cheryl Findlater played the jester, and David Wendell, Mike Heximer and Wesley Musto took the parts of the Royal Counsellors. The part of Marianne was played by Jane MacFarlane and Kirsten Madsen. Trevor

Hrycun played the Jailer, and the role of Dame Wooden Shoes was taken by Sandy Christophers and Shelley Ward.

"King Puddin' Head The First" was three months in production.

Nickerson chorus performs "Tom Sawyer"

The Leo Nickerson School Chorus presented a delightful interpretation of Tom Sawyer in the form of a three-act operetta last Wednesday evening. Tom (Bobbie-Sue Reid) and his pal Huck Finn (Alison Irwin), along with Injun Joe (Eddie Garlick) and Becky Thatcher (Terena Thronson) took their capacity audience through some hair-raising adventures and a successful

search for treasure. Skeletons dance and tombstones and picket fences came to life in song, while cats at night upset the old men. However Aunt Polly and Widow Douglas (Linda Thorpe and Kiwi-Jo Lonsbury are around when help is needed and all's well that ends well. (Unfortunately the skeletons queered out the news camera).

New books at the St. Albert Public Library

By Karen Kennedy

Murder with Malice by Michael Underwood. Detective Sergeant Nick Attwell, most honest of police officers, had been suspended when a young murder suspect had accused him of demanding money to suppress evidence.

This complex and in-

genious tale shows Michael Underwood going from strength to strength in a setting of which he has specialist knowledge - and the splendid courtroom scenes add to the excitement.

The Cornermen by John Gardner. London's underworld was quietly and profitably controlled by the Magnus boys - two men of

compelling evil. Their methods were simple because no terror, no act of brutality, was too extreme. Their orders were always carried out, or had been, until their American counterparts - in London to plan a mutual expansion of crime - were found murdered.

Belle by Michael Stewart.

In her 90 years, she has been everywhere and has known everyone from crowned princes to royal concubines, famous men of letters to the legendary business titans of the past century, and she has survived them all.

With suspense mounting to an unbearable pitch, Donald Lang, a New York writer, gradually deciphers the message of Belle's twinkling little cat eyes and brings this chilling black comedy to its surprise climax.

The French Kiss by Peter Israel. Peter Israel's racy, sophisticated new novel contains murder, forgery, inter-

national high society at its lowest, and unforgettable images of modern Paris, where towers glitter behind the Arc de Triumphe and ministers turn the screws of power from the shadows of elegant offices.

The Safe Airline by J. M. Ramsden. Air travel is not only one of the fastest growing means of transport in the world today, it is also one of the safest. In this unique book the Editor of Flight International explains how the highly complex airline industry operates and how they achieve such a level of safety.

Nutriscore by Ruth Frémes

and **Doctor Zak Sabry**. How can you tell if you're eating correctly? One way is to rate your own diet using the Nutriscore chart, a simple system which will help you discover for yourself the strong points and weak points in your diet - and help you correct the balance.

Falconer by John Cheever. Falconer is John Cheever's most wonderful novel - an unforgettably moving book, both fantastic and real - about a substantial, upper middle-class man and the storms of love, nostalgia and anger that propel him into crime, into prison and into an undreamed-of liberation.

Provincial Museum May calendar

Sunday crafts demonstrations will feature Ukrainian Embroidery by Olga Semchuk, May 15. Spinning and weaving by Elaine Heintz - May 22, and paper toiling by Bernice Stuart - May 29. Craft demonstrations run from 1:30 to 4:30.

Cultural Heritage Perfor-

mances begin at 2:30 each Sunday afternoon. May 15 - St. John's Ukrainian School of Dancing; May 22 - Old Russian and Gypsy songs (M. Novokshenov and J. Tubinshlak); May 29 - Lion's Senior Citizens Choir.

Discover Canada Films also run Sundays with show-

ings at 4 p.m. and 7 p.m. May 15 - Newfoundland; May 22 - Saskatchewan; May 29 - Manitoba.

Wednesday's Stage on Screen program will feature Sheriff's play, "Odd Man Out" tonight; Albee's "Who's Afraid of Virginia Woolf?" May 18; and Tennessee Williams "The Rose Tattoo" on the 25th. Show time is 7:30 p.m.

May 12th the Columbian Choirs will present a show at 8 p.m.

Each Saturday throughout the month children's programs will feature Spring Diorama from 10:30 to 12 noon. Saturday films (2 p.m.) May 14 - The Railroad, The Music Box, and The Sad Clowns; May 21 - Dreamland, Campsites Holiday, and Alberta Fishing is Fun; May 28 - Alberta Sunshine, and Under the Sun.

Victoria Day programs include a Dried Flowers demonstration by Pat Wood from 1:30 to 4:30 and two films Colors from the Queen and The Family Prince beginning at 2 p.m.

Tuesday, May 24 a Native Film program will present three films - Man Who Chooses the Bush, Paradox of Norval Morriseau, and Les Racquettes Des Atcikaneg. Show time is 7:30 p.m.

On May 31 films on Northern and Southern Europe will be shown beginning at 7:30 p.m.

The West Alcove has an exhibit - The Art of Preserving Flowers running May 14 - 31.

Chekhov farces at Theatre 3

Lt. Col. S. Henry stands at attention on the reviewing stand as the 533 Squadron Air Cadets Band and colour party marches past during the squadron's annual inspection at the arena last Thursday evening.

Air Cadets in Review

St. Albert R.C.A. C Squadron No. 533

Air Cadets follow inspection with flying trips

By Cpl. Mike Parkin
This past week probably the most important week of the year, so far as the squadron was concerned. Thursday evening, May 5, was 533 squadron's annual inspection and open house. The inspection went off without a hitch, although one cadet arrived just before the inspecting officer himself arrived; the cadet having possibly a minute to spare. The inspecting officer, Lt. Col. Henry, marched onto the parade square and the inspection began. Lt. Col. Henry inspected the two flights and the band, which was followed by a marchpast. After the marchpast, a very colorful and well-executed band display was performed, which included some drill movements and melodies which were new to the rest of the squadron. Following the band display, displays were given by the junior and senior drill teams, which were, as usual, very well done.

After announcements, everyone proceeded over to the community hall, for a look at exhibits and displays. Displays included those from junior cadet classes, flying subjects, airframe/aeroengine and communications, as well as a public relations display.

Saturday, May 7, was a day to get approximately 85-95 cadets up in the air for familiarization flying. Between 60 and 65 cadets flew in Twin Otters, with 418 squadron, from CFB Namao. Another 25-30 cadets flew via Cady Airways, although on several occasions there was more pushing than flying. F/Sgt. Cady was flying from the St. Albert Airport, which had a wet gravel strip on Saturday. On two occasions, we pushed the Cessna 172 out of mud or soft gravel, but

the flying was quite enjoyed by all. However, when F/Sgt. Cady flew us back to the Edmonton Municipal Airport, the three people on board as passengers were lucky enough to help clean the aircraft up, which included washing the wings and fuselage, as well as vacuuming the interior.

Monday night, May 9

many people in St. Albert probably saw us out delivering flyers for the St. Albert Trade Fair. We are also going to be helping with car parking at the fair, so it looks as if the squadron has even got a pretty good share of work in the Trade Fair. At least it keeps us busy, out of mischief and with money in our coffers!!

The Sherrood Balloonists will be giving a hot air balloon display at the Wetaskiwin Air Show May 17.

Adult - teen meeting

A meeting will be held at Paul Kane High School on Thursday, May 12, at 7:30 p.m. At the meeting, members of the St. Albert Teen

Centre will gather with interested parents and adults to acquaint them with the history and activities of the Teen Centre. Coffee and

doughnuts will be served. The group is also looking for old furniture for the Centre in the basement of the Day Care Centre. Donations would be welcomed.

Bathtub bathos?

Webster's Collegiate Dictionary describes "bathos" as the "sudden appearance of the commonplace in an

otherwise elevated manner or style."

Brad's cab driver Andy Tansum got an all too graphic illustration of the term as he drove along Mission Avenue the other day. As he headed out to the St. Albert Trail, he was suddenly confronted by the nightmarish vision of a full-sized bathtub bouncing off the front end of his cab. The tub, encased in a box, had been shaken loose from a truck in front of the cab. The tub did \$300 damage to the car, but the driver, although somewhat disturbed by the flying phenomenon, stoically resumed his duties in another vehicle.

AFTER 5 P.M.

The Spring Tea held in the Senior Citizens Centre on Saturday, May 7 was a delightful affair. The sun shone and there was never a time when there weren't ladies sitting enjoying a visit with friends over a cup of tea or coffee, sandwiches and cakes. Alice Kemps and her able assistants are to be congratulated on another successful social event.

Bertha Kennedy students become foster parents

In the spirit of a community school, Bertha Kennedy School this year decided that part of its Share-Lent efforts would be directed towards the concept of becoming Foster Parents. This plan evolved from what Bertha Kennedy School staff

felt was a need by students to have a project which could be year-round and hence more meaningful to them.

Only one project was undertaken and was devoted entirely towards raising funds for the purpose of becoming foster parents. The project was initiated in

February and involved a starv-a-thon with Grade 7 and 8 students as the participants and Grade 1 to 6 students as the sponsors. A total of \$553 was raised. Of this, \$228 was needed to sponsor our foster child for one year and we were able to turn over \$325 to the St. Albert Parish for other Share-Lent projects.

We have recently been advised by Foster Parents Plan of Canada that our foster child is from the Philippines, that she is in Grade 3 and has three brothers and three sisters. Her father is chronically ill with asthma. The little girl's name is Lourdes Pardo.

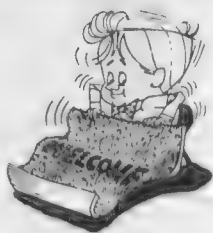

Everyone at Bertha Kennedy School is very proud and happy to have the opportunity to extend their community spirit to a family that really needs it.

1. On a scrap piece of paper PRINT children's names, phone number, age and address and last class taken.
2. Know the session number and the level that you wish to enrol each of your children in.
3. Make cheques payable to the CITY OF ST. ALBERT
4. Indicate numbers 1 and 2 above to cashier when your turn comes.
5. You may register for only one family at any time.
6. Registration will end promptly at 6:45 p.m.
7. Thank you for your anticipated co-operation.

Senior Citizens News

During the afternoon Saturday, at the Spring Tea, a draw was made by Agnes Richardson for two prizes. Maurice Kemps won the handmade quilt and Sharon Evans won the pedestal table. There was also a door prize, a doll and it was won by Vera Parks.

A card party was held on Tuesday, May 10 and bingo will be played on Tuesday,

May 17 at 1:30 p.m. with cards on the following Tuesday.

Lunch is served to a limited number each Tuesday through the meals-on-wheels program. Any senior, or anyone knowing a senior citizen who would benefit from an occasional lunch should phone Hettie Blades at 459-4756 or Pat Gray at 459-7476.

A short program usually follows the lunch at around 12:30 to which everyone is welcome. There might be a session of easy exercises, a sing-song, a talk, a film or a presentation of slides. On Thursday, May 12 several members of the St. Albert Arts and Crafts Guild will demonstrate different crafts - pottery, weaving, painting, etc.

NURSERY FACILITIES AVAILABLE
COFFEE FELLOWSHIP FOLLOWING SERVICE

The Great Wall of China is the biggest structure ever built, National Geographic World days. Fourteen feet wide and 20 to 40 feet high, it stretches 1,500 miles and would reach almost halfway across the United States.

An ordinary escalator can carry as many as 10,000 passengers an hour for as little as 50 cents worth of electricity.

There was no shortage of customers when the St. Albert Arts and Crafts Guild opened their show and sale Saturday at one o'clock. The outdoor living then proved a timely one and pottery items, along with plants moved very quickly, reminding some of the longtime members of early Christmas sales of local crafts which packed the Centre. Lois Folkins reports that over \$1,000 was raised for the Guild over the two days. Planning ahead for the time a new gas kiln will be needed, in addition to the general Guild functioning, the funds will be put to good use Lois said, and the support of the people is a wonderful help.

Major story garbled

The Gazette wishes to apologize for any misunderstandings caused by a recent front page story headed "\$50 million shopping, residential centre all set to go."

Unfortunately the story was crossed with another on the same page, "MPC warned on pitfalls of fast development."

The result of the "cross" was that the sense of the two stories was completely lost.

Due to the garbling of what was a major story, the Gazette is reprinting the correct text, as originally written and reported, of the news item on the \$50 million commercial centre.

Following is the text of

that story for the April 27 issue of the Gazette.

MAJOR SHOPPING CENTRE COMING HERE

Quietly jubilant Mayor of St. Albert Dick Plain presented a press conference Tuesday morning with approved plans for a long awaited \$50 million major regional shopping centre and residential development on the banks of the Sturgeon River.

As the press conference concluded Mayor Plain beamed "St. Albert is coming of age," by providing a full range of services for residents of the St. Albert and Sturgeon area.

The shopping centre facility will go ahead on a joint venture basis with Abacus Cities and the Hudson Bay Company and the first stage could be completed by 1978.

Wendel Laidley, representing Abacus Cities, told the press conference that St. Albert had to be compensated for its role in the delicate and complex negotiations which had gone on for the past year.

He said that St. Albert had held off piecemeal developments till they had established the need for a major commercial development comparable with Londonderry and Southgate Malls.

The first phase of the development will see a 280,000 square foot shopping centre built in the triangle of land bordered by the St. Albert Trail to the west, the Sturgeon River to the south and Bellerose Drive to the north.

As development progresses on the 61 acre site, Abacus Cities will complete a 280 unit residential development near the Sturgeon River.

Cost of the first phase of the shopping centre will be \$15 million, stage two will cost \$12 million, while the residential development will bring the final price of the developed site to \$50 million.

Also included in the area for the new regional shopping centre is a 17 acre city park.

The major "guts" of the shopping centre will comprise two department stores, one major super market as well as drug stores, fashion shops and similar facilities.

The Hudson Bay Company is expected to come in with an 83,000 square foot store. The final decision of the Bay to come into the new shopping centre will be taken at a board of directors meeting May 20.

Along with the Hudson Bay contribution to the centre, it is also expected

that a 35,000 square foot food store will locate in the development.

When both stages of the regional shopping centre are complete, the new facility will be on a par with the major Edmonton centres like Northgate. Then 600,000 square feet will be operational for area residents.

Mayor Plain, questioned about the effect the development would have on the St. Albert Trail said that the City engineering department had looked at three to four alternative sites; the site chosen, he stated, was the one which clearly established itself as the most favourable to minimize traffic in the surrounding areas.

Eventually the St. Albert Trail would be six laned and signalized to take the extra traffic load, the mayor added.

The shopping centre development will provide for an average of 5.5 cars per thousand square feet, Mayor Plain pointed out.

Will not cause a flood!

A St. Albert resident who farms land on the fringes of Big Lake should have no fears that a small wier on the river is backing up water on farmland just north of Big Lake.

A town official explained that water levels have dropped one foot this week in the Sturgeon River and that is one reason why the wier is now visible.

The small wier which crosses the Sturgeon River beneath the St. Albert Trail bridge is made of rip-rock and sandbags.

It has been in place for four years and is actually protection for a force-main coming from a city pump station.

NURSING CO-ORDINATOR

[PART-TIME]

Sturgeon General Hospital has opening for a part-time Nursing Co-ordinator, 11 - 7 shift. Applicants must be registered with A.A.R.N., have a minimum of five years nursing experience and some administrative experience.

Apply in writing to: MRS. P. M. FLECK, DIRECTOR OF NURSING, STURGEON GENERAL HOSPITAL, 78 McKenney Avenue, St. Albert, Alberta. T8N 1L9.

Bradley - Kelly wed in St. Albert

On the evening of April 9, Susan Patricia Kelly and Gerry Wayne Bradley exchanged vows before the lily-banked altar of St. Albert United Church. Reverend Leonard Musto performed the ceremony. Friends of the family, Mrs. Lillian Upright played organ selections and Mr. Dick Leggett sang two solos.

Given in marriage by her father, Neil, of St. Albert,

Susan wore a white gown with gathered bodice and ruffled hem leading into a train. The tiny cap on the back of her head was bordered with petite daisies, as was the veil which fell softly behind her. The bride's only jewellery was a filigreed gold pendant which was worn by the groom's great grandmother on her wedding day. The floral spray she carried was made up of white and pink

carnations, stephanotis, and baby's breath.

Susan was attended by her sister, Mrs. Janet Byl of St. Paul, and Deb Wahl of Fort McMurray. The girls' white gowns were similar in style to that of the bride with a coral and gray floral pattern adding an interesting contrast. Their bouquets were of pink and white daisies and baby's breath. For the occasion, Gerry chose white tails. He was attended by his

brother Roger of St. Albert and his friend Dale Le-Moignan of Edmonton.

The bride's stepmother, Anne, wore a corsage of white daisies on an apple-green gown. The groom's mother Doreene Landsborough of St. Albert, wore a pale blue gown with a corsage of pink carnations.

A reception and dance followed at the St. Albert Community Hall for some 150 guests. Master of cere-

monies was Randy Reinbolt of St. Albert. Toast to the bride was given by Denny Gibson of St. Albert and the toast to the bridesmaids was given by Roger Bradley. Out

of town guests included Susan's mother, Joyce Baker of Gibsons Landing, B.C. and Gerry's father, Austin Bradley of Winnipeg, Manitoba.

MR. AND MRS. GERRY BRADLEY

Couple celebrates 68th wedding anniversary

One Tuesday, April 26, members of the family of Lucien and Audele Beaudoin gathered at the Youville Home to join them in marking 68 years of happy marriage. Mr. and Mrs. Beaudoin were married April 26, 1909 in Linwood, Mass. Four years later the couple left the U.S. to take a

homestead in the Peace River district near what is now the town Fahler. Their home for the first year was a shack with a sod roof that leaked so they slept with an umbrella over their bed. Groceries had to be hauled 50 miles from Grouard the nearest village.

Gradually better accom-

modations were built and the couple developed their farm and raised their family. In 1962 they retired to Fahler and 10 years later moved to Edmonton before taking up residence in the Youville Home once year ago.

Asked what they felt were some of the keys to a successful marriage, the Beaudoins said honesty with each other was near the top along with lots of understanding, hard work shared, and showing respect and love for each other. Sharing hardships and hard work together helped us to be closer to each other, Mr. Beaudoin said. When they got married he was making \$10 a week and she was working for \$8 a week in a cotton factory. Out of this

they paid \$7 per week for room and board and still managed to save some after other expenses.

Mr. Beaudoin, one of a family of 18, was born 88 years ago in Armagh, Quebec. Mrs. Beaudoin (nee Roy) also came from a large family (12 children). She was born in Linwood, Mass., and celebrates her 86th birthday on August 8.

The Beaudoins daughters, Jeanette and Aurore married brothers of the Guindon family who were also farming in the area. Jeanette and her husband Gerry are presently farming in the area. Aurore and Rheel live in the city as does the Beaudoins only son Leo and his wife. There are 12 grandchildren and 17 great-grandchildren.

MR. AND MRS. LUCIEN BEAUDOIN

City couple go back to land

Mr. and Mrs. R. D. Murray, 25 year St. Albert residents, have recently purchased land at Valleyview, Alberta, and have gone into Registered Quarterhorses and Registered Herefords.

Mr. Murray was raised on a farm and this has been his long-time dream.

Roy and Ruby resided on an acreage at 208 St. Albert Road for 23 years during which time they raised their two girls Gail and Diana.

Recently they had purchased a lovely new home in the Forest Lawn area.

Mr. Murray has had his own drilling company since

1947 which he operated from his acreage. Mr. and Mrs. Murray were charter members of the United Church in St. Albert.

Mrs. Murray has been a volunteer driver for the cancer clinic for five years.

Mr. Murray took an active interest in the St. Albert Rodeo, his face always being a familiar one in the parade.

Roy has been active and involved in horses for many years.

A gathering of close friends and family was held at John and Diana's home, where Roy and Ruby were presented with tools of the trade - a pitch fork and a scoop shovel, to insure success in their new venture.

The Murrays have been respected and amiable citizens in St. Albert and have been second parents to many young people over the years. Their presence in the community will surely be missed.

Mr. and Mrs. Roy Murray, with the tools of their new trade.

ENGAGEMENT ANNOUNCEMENT

SCHWARTZ AND KUZIO

Mr. and Mrs. Ken Schwartz are pleased to announce the engagement of their daughter Dawn Lauren to Wayne Joseph, son of Mr. and Mrs. Joseph Kuzio. Wedding will take place September 10, 1977 at St. Albert Roman Catholic Church.

St. Albert enters Midget ball league for first time

For the first time in history, St. Albert will have a midget baseball team entered in an organized league.

St. Albert Willowbrook Saints, under the sponsorship of Rudy Scheibelhofer and Willowbrook Homes, have entered the six-team Northwest Midget Baseball League with teams from Spruce Grove, Stony Plain, Busby, Fort Saskatchewan and Evergreen Trailer Court.

The Saints management has Ben Tooth, Frank Galbraith, Tom Parayko and Arnold Bailey in various working capacities, each of whom has an excellent baseball background.

The teams will play a 10-game schedule with games every Monday and Wednesday night up to and including June 15th.

The top four-teams will qualify for the playoffs.

Mr. Murray Steves, recently appointed Alberta

Baseball Association, director out of the Percy Page Centre in St. Albert, is the league commissioner and will also look after league standings.

Saints opened their season in Spruce Grove Monday

night and were beaten 9-5 as the Grove scored six of their runs in the last two innings of play.

Colin Tooth took the loss on the mound for St. Albert.

Both clubs came up with seven hits each with Cliff

Greening and Ken Young getting a pair each for St. Albert.

Saints next game will be at home tonight against Evergreen, starting at 7 p.m. on Mission Diamond, beside Father Jan School.

Tom White heads Junior A association

The St. Albert and District Hockey Association who will be operating the "New Junior 'A' Team" in St. Albert this season in the Alberta Junior Hockey League, are pleased that they have received unanimous league approval for joining the league for the 1977-78 hockey season. They have elected their board of directors for the coming season, and the board is made up as follows: President - Tom White; Vice-President - Bob Taschereau; Treasurer, John

Crozier; Secretary - Ted Lotocki; Directors: Roger Bourbonnais, Maurice Chabot, Dr. Neil Gray, Doug Messier and Larry Mitchell.

All of these people are St. Albert residents with the exception of John Crozier who lives in R.R. #2, St. Albert. The board of directors have appointed Mr. Maurice Chabot as general manager, and Mr. Doug Messier as head coach, some of the other committee chairmen are as follows:

Education Committee, is headed by Mr. Bob Smal-anich, Season Ticket Sales - Ken Pollon; Program and Publicity - Larry Mitchell, and Fund Raising - Tom White.

The next board of directors meeting will be held Wednesday night, May 11, at the Akinsdale Clubhouse at 8 p.m. and they would invite anybody that would be interested in any part of the operation this year to attend that meeting.

St. Albert swamps Edmonton

45 - 0 in early rep soccer action

All three St. Albert rep teams had no trouble in their first games against Edmonton. In the mite division the St. Albert Sportshop Jets travelled to Westmount and Inglewood last week and came home with two easy wins 15-0 against Westmount and 7-0 against Inglewood. A strong defence and steady shooting on the opposition goal with B. Jones and

Craig Smith doing most of the damage, gave the Sportshop Jets four points and put them on top of their league.

In the peewee division the Grandin Bakery peewees coached by Manuel Viveiros (who coached the mite A team to the 1976 provincial championship), also took over first place with four points in two games in their first league game. The pee-

wees outscored Inglewood 19-0 at home and then travelled to Dovercourt and beat them 1-0 which sounds like a close game, but according to Coach Manuel Viveiros the game could have been 6-0. St. Albert had complete control of the game but could not get the ball into the net.

The bantam A team started their league play with an easy 3-0 win over International. This team has won the Edmonton city championship four years in a row and should win again this year.

This is the stronger team I ever had and I should have about five or six players on the Edmonton all-star team this year, said Coach Herman Kochan.

The bantams are sponsored by Helmut's Masonry.

Pictured above are the St. Albert Badminton Club's Mini Winter Games team and club champions. They are, front row, left to right: R. Sattler, L. Peterson, B. Ontkian, A. Emberly. Centre row, left to right: T. Smith, D. Golden, C. Sage, J. Raven, D. Deshpande. Back row, left to right: R. Walkingshaw, H. Barnes, B. Sage, C. Smith.

N.C.A.B. League opens Sunday

The eight-team North Central Alberta Baseball League will open its 10th season of action with all teams taking part this Sunday.

Barrhead Broncos will be in Bon Accord for a game with the Tigers while Legal Pontiacs will travel to Linnaria to meet the Flyers.

The other two Sunday games sees Morinville Manufacturers in Rochester and Westlock Red Lions in Vimy against the Blues.

All Sunday games start at

2 p.m. while all weekday action begins at 7:15 p.m.

Each team will play 14 league games, the same as last season.

The league is attempting to have a "Game of the Week" report written up and circulated in the local papers which cover the league member teams.

As usual league commissioner Paul Riopel will keep the fans up to date on league happenings throughout the season and statistics will be available every two weeks.

Juniors bombed by Spruce Grove for second fastball loss

Spruce Grove K of C scored eight runs in the seventh inning and defeated St. Albert Juniors 16-6 Monday night in Sturgeon Valley Senior Men's fastball league action.

St. Albert, first year members of the 14-team league played fairly well for the first five innings allowing KC's six runs while scoring four of their own.

Starting pitcher Blaine Galbraith and reliever Blair Iseke ran into control problems which, coupled with some costly infield errors, proved their downfall. Spruce Grove rallied for two

runs in the sixth and added eight more in the seventh.

Adrien Brule had a three-run homer for Spruce Grove in the third inning while Mike Mitchell had a two-run hit in the sixth.

Leon Brule went all the way for the KC's win with Galbraith taking the loss.

Juniors are now 0-2 in league play but have come up with some good plays and will no doubt win a few games before the season is over.

K of C win was their first in two games as they lost 17-10 in the season opener to Spruce Grove Panthers.

Recreation News

From Community Services
Department

SHUTTERBUGS

We are planning a photography workshop for Sunday, June 5. It will begin at the Grandin Clubhouse at 9 a.m. with a discussion on the proper handling of your camera, shutter speeds, focusing, film to use, composition etc.

A field trip covering a 15 mile radius of St. Albert photographing old farm buildings, a mine site etc. is planned for the rest of the day and participants are asked to bring along a picnic lunch.

If you are interested in taking part in this workshop, please send your name, telephone number, address and course name to the Culture and Recreation Department, City Hall along with the registration fee of \$5 for adults and \$2.50 for children.

TENNIS LESSONS

All classes for Session #1 of the tennis lessons have been filled. If you have not heard from the Department, that means that you are

registered for the session requested, and you should proceed directly to your class selected.

Registrations for Session #2 will be taken after May 25 (see the advertisement in the May 25 edition of the Gazette) and will begin the week of June 6, again for three weeks.

Further tennis lessons will be advertised throughout the summer.

SWIMMING LESSONS

We were inundated with registrations for the swimming lessons for Session #1 which are to begin the week of May 24. At this time we are unable to advise you which classes still have openings.

Further sessions are advertised in this issue of the Gazette and registrations for these sessions will be taken at the pool commencing May 24.

Session #2 will run from July 4 - 15; Session #3 will run from July 18 - 29; Session #4 will run August 1 - 12; and the last session #5 will be August 15 to 26.

For all water orientation classes and Red Cross classes the fee will be \$5 for

bronze medallion and bronze cross the fee will be \$9 and an additional \$7.50 payable to the Royal Life Saving Society for those who do not have a Royal Life Manual; and \$11 for Award of Merit.

LADIES MORNING OUT FORTENNIS

Every Tuesday commencing May 10, ladies tennis will be played at the Akinsdale Courts for the month of

May. The session will run from 9:30 - 11 a.m. and Cynthia Sage will be organizing and supervising games.

As of June 14, the ladies tennis will move to the

Mission Courts for the month of June. These sessions are open to any ladies in St. Albert, so come out ladies for an enjoyable morning of tennis.

FACILITY BOOKINGS

Organizations and persons wishing to use facilities in the fall are requested to come in to the office (20 Muir Drive) to pick up their facility request forms. We are presently booking and would like to know what our total demands will be.

Brochure on canoeing available

If you're off on a canoe trip, you'll find it easier and safer than it used to be, thanks to a brochure just published by the federal Department of Energy, Mines and Resources.

The free brochure, called Maps and Wilderness Canoeing, is designed to help canoeists, particularly beginners, make the best possible use of their maps.

All of Canada's superb canoe country is mapped. But you shouldn't take maps for granted, like something handed out at a service station. If you do, you risk going over a waterfall, sm-

ashing up without warning in a rapid, getting lost and running out of food. On a wilderness canoe trip your map is your lifeline.

The new brochure tells you how to plan your trip, how to make use of maps in general navigation, how to navigate in the North. It talks about wilderness canoeing ethics. It also tells you how to get maps of the specific areas you wish to explore.

For your free copy of Maps and Wilderness Canoeing, write to: Canada Map Office, 615 Booth St., Ottawa, Ont. K1A 0E9.

Badminton Club winds up season

The St. Albert Badminton Club has been very active the last few weeks at the close of the season. In the Mini Winter Games held at Red Deer, a team from St. Albert represented the Zone and returned with their share of the medals.

In the main event, the team of Betty Ontkane, Cynthia Sage, Doreen Golden, Anne Embely, Reiner Sattler, Hilton Barnes, Dilip Deshpande and Lindsay Peterson gained third place and each won bronze medals, with the team from Calgary getting the silver and Lethbridge winning the gold.

In the veterans mixed and men's doubles events, individual placings were made and June Raven and Bob Sage from St. Albert won the mixed doubles, gold medalists and Reiner Sattler paired up with Bob Sage to win the gold in the men's.

The club wound up a very successful season with the club tournament, which had an extremely good entry seeing most members entered in several events.

Terry Smith took the girls' under 19 singles and Rob Walkingshaw the boys' under 19 singles.

This year saw new ladies and men's singles champions in Sharon Marchand and Reiner Sattler. Cynthia Sage and Doreen Golden retained their ladies doubles title, Bob Sage and Reiner Sattler took the men's doubles while Cindy Smith and Lindsay Peterson are new mixed doubles winners.

Special awards went to Anne Embely and Dilip Deshpande as most improved players of the year.

About 20 members from St. Albert attended the first annual Shuttle Party held at the Bonaventure Motor Hotel which saw the major clubs in Edmonton combine for a banquet followed by a dance. About 120 people were in attendance, the occasion was a complete success and has now paved the way for future year-end banquets.

The newly-elected executive for next season is: President, Doreen Golden; Vice Pres. - Hilton Barnes; Secretary, Cynthia Sage; Treasurer, Anne Embely; Tournament, Reiner Sattler; Captain, Frank Carnahan.

St. Albert Minor Baseball

BAT-TIME STORIES

AS TOLD
BY
UNCLE RICK

Well -the St. Albert Minor Baseball Association is entering into its second week of play with a few unbeaten teams left after surviving a week of the \$1,000,000 rain - (which nobody resented). We continue with a brief look at the standings, as of mid-night, May 9, 1977:

MOSQUITO DIVISION

	W	L	T
Safeway Seals	3	0	0
Nu West Homes	3	0	0
Belmont Bombs	2	1	0
Buxton Realty	1	1	1
Melton's M-M's	1	2	0
LP Red Roosters	1	2	0
Springer Angels	1	2	0
Sturgeon Meats	1	2	0
Gazette Cards	1	2	0
Graham's Giants	0	2	1

The "unbeatens" remain unbeaten - but a huge field of "also-rans" highlight this week's standings in the mosquito division.

The stage is set for next Monday's meeting between the undefeated Safeway Seals and the likewise, Nu West Homers. It all takes place on the Sir Alexander Mackenzie diamond.

Reshuffling the Gazette Cards Monday night 21-8, the Seals could meet their match against the well-built Nu-West Homers. Nu-West chased the Lacombe Park Red Roosters all over Vital Grandin diamond number 12, winning 22-10 .. on Monday.

Melton's Mighty Mites were the happiest winners Monday when they spilled Springer's Angels 20-16 for their first victory of the 1977 baseball season. Buxton Realty's yellow and black clad warriors were held to a 13-13 standoff by the winless Graham Wafer Giants Monday evening. Belmont CU Bombers flew low over Coach Collin Hefford's Meat Merchants 13-12 Monday. In the only reported game on last week's wet Wednesday, the Meat Merchants hacked out an 18-1 win over the Gazette Cards in three and one-half juicy innings.

BEAVER DIVISION

	W	L	Per
Stur. Sod-Giants	4	0	1.000
Roughnecks	3	1	.750
Sportshop Cubs	3	1	.750
Trailer Kings	2	1	.667
Grandin Mets	2	1	.667
The Bucket	0	3	.000
Big Lake			
Sod Squad	0	3	.000
NW Home Angels	0	4	.000

At last the Sturgeon Valley Sod-Giants have "dug" their way to the top of the eight-team beaver division despite sloppy weather which rained out half of last week's schedule.

Last Wednesday, on a rather damp field, the Giants tested the Crown Well Drilling Roughnecks and came away with a 20-15 sample. In a Monday squeaker, the "big guys" took out the Bucket 12-10.

The division's hottest gr-

oup of baseballers were the Sportshop Cubs. First, they sat upon the Nu-West Homes Angels 18-0 in a Wednesday get-together. Then, they provided the upset-of-the-week Monday, when they honey-combed Neil's Trailer Kings 9-8. Shortstop Craig Rusnak sparked the Cubs with two sharply-executed plays to literally "rob" the Kings of several runs. Coach Bert LaBuick's Roughnecks deadlocked the Cubs for second spot with a win over the Big Lake Sod-Squad Monday night. Also on Monday, the Grandin Shopping Centre Mets "bought-out" the Nu-West Home Angels 15-6.

BANTAM DIVISION

	W	L	Per
Neil's Tr. Kings	2	0	1.000
Bermont Brones	1	1	.500
Link Hdwe Jays	1	1	.500
Pennington's			
Blasters	0	2	.000

With the exception of last Tuesday, the baseball week was "zlich" for all teams in the bantam division with the weather wonderfully-wet on all diamonds.

Playing in a steady down-pour most of the game, the Bermont Brones out-muddled the Link Hardware Blue Jays by a hard-to-believe score of 24-1. "Workhorse" chucker Brent Biollo received credit for the victory as he completely silenced the usually-booming bats of the Blue Jays for six rainy innings. The steadiest hurler in the bantam division to date, Biollo has given up only five runs in 11 innings of work.

Wet weather was only part of Coach Art Rechlo's problems going into last Tuesday's tiff with the Pennington Blasters. Four top performers were missing from the Trailer Kings roster of players. Coach Rechlo's decision to start new-found-pitcher Davey Blomme turned out to be a good one as Blomme allowed just four runs and a sprinkling of hits to set the Blasters down 10-4. The game was called after four innings due to playing conditions.

participation of all the players on all the teams - what they have to say is most interesting - join us on Cable Five at 9 o'clock on the St. Albert Sports Scene....

ELSEWHERE

We admired the dedication of many teams during the three days of rainfall last week - trying their best to play baseball under not-so-good conditions. It reminded us to try to carry on an outside hockey game in a blizzard. Two bantam games made it through on Tuesday, one mosquito game went three and one-half innings Wednesday, but everybody gave up on Thursday.

Somewhere in between, four beaver teams managed to get two games out of the way. Chief Ump Mike Basaraba said he was "amazed" that no tilts were made-up during the beautiful weekend just passed. His full roster of umpires were standing "at the ready" just in case.

We called Doris Taylor (ABA Registrar) at her home in Sherwood Park, to find out the costs of entering teams in the Alberta Baseball Association Doris says that St. Albert is eligible to register both A and B teams in the playoffs at a price of \$5 per team in mosquito ... \$11 per team in beaver and \$12 per team in bantam... that's nice to know ...

How's everybody doing on raffle tickets... lots of paying and pulling we hope? The big draw is a little over a month away so get cracking....push, pull, click, click, etc.... right Henry?

Our extreme thanks to the St. Albert Gazette for the ultra fine coverage of our opening day - in the last issue - we think you media people are great! That goes for Cable Five, too!

In case you've forgotten .. remember, "Diamonds are a boy's best friend...."

T-BALL STANDINGS AS OF MAY 9th

BASEBALL'S ALIVE ON CABLE 5

Tonight, we'll let you meet most of the 1977 mosquito division coaches - (an unusual group of nice guys this year) and how they feel about two proposed innovations put forth this year. All of us were concerned about maximum

	W	L	P
Eagles	3	0	6

FENCING SYSTEMS

The Earth Anchor is an ingenious device that combines beauty and simplicity for the erection of posts for fences, signs, enclosures and patio screening.

It is no longer necessary to dig holes for fence posts. The Earth Anchor is simply placed on the ground and is held in position by the use of three steel pins which are individually driven into the earth.

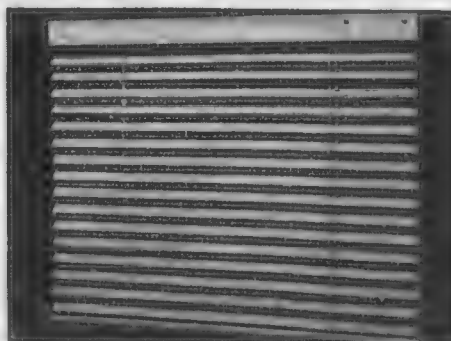

The Earth Anchor is supplied as part of a complete fencing system.

FEATURES:

- Maintenance free
- Saves extensively on labour costs
- No post holes
- Installation anywhere - applicable to any condition - including rock
- Very complementary to any structure

- FOR BETTER LIVING

Poster contest winners announced

The Morinville Board of Trade has announced the winners of its 1977 Poster

Contest. In the Op. Room, the winners were Debbie Clark and Annette Dastio and in 1E, the winners were Brent Campbell, Douglas Lee, Michelle McGuire and Valerie Jean Soper. In 2E, Tammy Germaine and Pammy Kryskow took the honours, and in 2F, the winners were Louise Schafers and Laura Unrau.

In 3E, Laura Clemo and Kathy MacDonald had the winning posters, as did Lionel Lefebvre and Paul Hopkins. In 3F, Michelle Height and Sarah Underwood were the winners. In room 4E Rhonda Mandau and Shirley Adams were the winners and in 4F, Karen Ramer and Patrick Krauskopf took the honours.

Kim Grawler and Chris Campbell won for room 5E, and Danny Dardis and Lynn McRae won in 5F. In 6E, Jenny de Waal, Gary Smith, Corinna Weidle and Brenda Demers were the winners, as were Vivian Houle and Jackie Chalifoux in 6F.

The prize winning posters are on display at the Royal Bank and the Credit Union.

Thanks go out to all the participating children. The

Another runway at Villeneuve Airport?

A proposal for a 3,500 feet by 100 feet turf crossrunway at the Villeneuve satellite airport is under study by the Federal Government Treasury Board in Ottawa.

The turf runway is slated for future replacement to hard surface.

Transport Canada officials in Edmonton are hoping the results of a Federal Government inquiry into the proposal will be positive. A reply from Ottawa is expected within a week.

The Villeneuve airport is already serviced by a 3500 foot hard surface runway.

Report from Parliament Hill

Stan Schellenberger, MP
In April of this year, the Minister of Health and Welfare introduced amendments to the Canada Pension Plan. These two major amendments are intended to provide some measure of recognition and financial security for spouses who work in the home, while at the same time retaining the basic characteristics of the Plan - compulsory, contributory and earnings-related.

The first of these proposed amendments will permit the equal splitting of CPP pension credits, earned during marriage between husband and wife upon divorce or annulment of their marriage.

Total pension credits would be divided equally regardless of the amount of direct contributions made by husband or wife.

Spouses who had never worked outside the home and therefore had never directly contributed to the CPP, as well as those who had contributed for only a short time, would be able to share in the pension credits accrued through the CPP contributions made by their husband or wife.

The credit split, for all the years of marriage back to 1966 when the Plan began, would be made upon application by either spouse within three years of marriage dissolution. In addition, the marriage would have to have been dissolved after the amendment came into force and the marriage would have to have lasted three years. The spouses would also have to have lived together for at least three consecutive years.

Because the credit splitting proposal represents a positive step for the spouse in the home, and is consistent with the basic insurance related nature of the CPP, this proposal will more than likely be supported by the Progressive Conservative Party.

The second amendment would protect contributors, who leave the labor force to raise young children, against the deterioration of the amount of their eventual CPP pension resulting from periods of low or zero earnings incurred during the child-rearing period.

This provision would apply to all working women who stay out of the labour force to care for pre-school children since the CPP began in 1966. This "drop out" provision does not extend coverage or protection to a spouse at home if: she has never worked, she has only worked for a few years, she has to leave the labour force to care for a disabled child or parent. The "drop out" clause provides a subsidy without contribution and as such is a move towards social assistance rather than the insurance intent of CPP. In this light, why do mothers who remain at home to care for

handicapped children or disabled parents deserve any less a subsidy?

On the surface this "drop out" provision seems to be a rather good idea but it creates an inequity between those who can afford to drop out and those who cannot, that is, between income groups, and between those who have never worked and those who do. It creates inequities between and am-

ong women.

The provinces have agreed at least in principle to the proposed amendments. Ontario has yet not approved the amendments because it is still debating how high the contribution rates will be raised and how the funding system will be changed. Amendments can only be made to the CPP with the approval of two thirds of the participating provinces whi-

ch have two thirds of the population.

These amendments are rather complicated in their implications, and should you have any further questions, please feel free to write to me for further information. The address is: Stan Schellenberger, MP Room 618 Confederation Building, House of Commons, Ottawa. Postage is not necessary.

The grain fields of Gibbons

By Margarette J. Atkinson
In the 20's, a lot of land was still being cleared around most of the farming areas, as new families came into the area to farm.

They brushed and chopped at the bushes and pulled stumps with the teams of horses. It was mighty hard work both for the men and women - yes, I said women. The ladies often got out there too, brushing and picking rocks.

As the grain ripened in the fields, it was nearly as high as a tall man. There were wonderful places for us kids to hide, but with the warning "don't flatten the grain." But one could stand up and never be seen anyway.

Soon the "binders" pulled by teams of horses, could be seen. Then came the time to "stook," the firmly tied sheaves of grain.

Threshing time took a lot of planning and hard work, both for the farmer and the womenfolk. Many of us town girls would go out to help at this time.

The big threshing machine would be chomping and gobbling up the sheaves, as the hayracks, piled high with the sheaves of golden grain, would pull up to it. The men pitched the bundles down into it, as other teams with hayracks went out for more.

In the farm houses, lamps of kerosene were lighted at about 4:30 a.m. The coal and wood kitchen range was getting going pretty good by

then. Coffee was prepared in huge grey enamelled pots. Great pans of bacon cooked in the oven while potatoes cooked the evening before, were frying in the big black cast iron frying pan. In another pan, eggs were frying, while at the back of the big range, stood a big pot of bubbling porridge.

On the long trestle-like table, covered with prettily patterned oil cloth, stood large pitchers, containing sweet farm cream, bowls of sugar and platters of sliced homemade bread, with a plate of homemade butter beside each.

Once the men had eaten their fill and were gone, stacks of dishes had to be washed. There was no running water in taps then, and no dish detergents. Hot water came from the reservoir which was on one end of the coal and wood stove. Quite often at threshing time, extra hot water was kept in a big pot at the back of the stove.

Vegetables, for noontime dinner were put on to cook, while the loaves of bread were placed into the oven to bake. The bread dough had been set the night before, in a warm spot in a huge basin, covered by a cloth made from flour sacks.

Soon it was time for cakes and tea to be sent out to the threshers. This break was a real blessing to parched throats.

Dinner time was next. Soon, mounds of mashed

potatoes, vegetables, meat and gravy were levelled, topped off by creamy bowls of rice or tapioca pudding, topped with rich farm cream.

Afternoons, after the dinner dishes were done, pies and cakes went into the big oven of the huge kitchen range, and sometimes muffins or small cakes and cookies as well.

Soon it was time for three o'clock lunch for the threshers. Big jugs of cocoa or tea were served, accompanied by sandwiches or scones with fresh fruit preserves.

As soon as it was turning dark, was supper time. Once more the women dished up mounds of potatoes, vegetables, meat, gravy, pickles from the cellar with hot baking powder biscuits. This was topped off with great slabs of apple or raisin pie, all washed down with tea, coffee or fresh farm milk.

Once the dishes were done, the bread dough had to be once more made, then set in its wide basin on a chair in the corner near the big kitchen range. The long table was set for morning.

A few more chores were done and then off to bed for the few hours of much needed rest.

After threshing was done, the teams of horses hauled the grain to the elevators. A time of rest was in view at least for awhile.

No matter how much work there was in those times, everyone took Sunday off to dress themselves all neat and tidy and made it a delightful day somehow. There was usually a good baseball game to go to, a visit to friends, church, nice long companionable walks with friends or picnics, if it was warm.

How beautiful the fields with their "stooks" looked on a bright moonlight night. Many people in those days took moonlight walks, singing and laughing, the children playing hide and seek in the shadow of the stooks.

Often a new young man, who took a harvest job, found new joy, as he walked with a young lady he had met just recently in those harvesting days in the grain fields around Gibbons.

Future role of Sturgeon Hospital to be discussed

The future role committee for the Sturgeon General Hospital is going to be asked to present a budget to the Sturgeon Hospital Board which will then be submitted to the Alberta Hospital Services Commission.

The future role committee will discuss the future size of the Sturgeon General Hospital in relation to population growth in the Sturgeon area over the next few years.

Topics to be discussed will be whether the present facilities should be duplicated or added on to, to keep up with possible population trends in St. Albert, Morinville and the MD of Sturgeon.

No figure is yet available on how big the future role committee's budget is likely to be.

The nearness of Edmonton to the Sturgeon Hospital District is one of the most influential factors in planning for the local region according to Hospital Trustee John de Bruijn. He made the observation at the regu-

lar meeting and the Sturgeon Hospital District #100, May 4.

And according to hospital trustee Lawrence Kluthe the future role committee will be faced with "so many unknowns" as it comes to grips with a population study.

Oats may help nourish world's appetite

In the struggle to feed the fast-growing human population and to offset the potential devastation of food production by the world's climate, man may turn to the oat for help, says Vernon Burrows, chief of the cereal section of Agriculture Canada's research station in Ottawa. And he doesn't mean that we will be eating nothing but oatmeal and rolled oats. At the moment, most oat production is fed to cattle and other livestock, but new varieties of oats could play a wider and more important role in human nutrition, he says. What's so special about oats? For one thing, they contain a better balance of amino acids - the building block of protein - than most cereal grains. "Of all the cereal grains, rice has the best protein quality (the best balance of amino acids) but the oat is next," Burrows says. "However, oats have twice the percentage of protein in the grain than rice, a decided plus." Moreover, the oat kernel can be processed to yield oil, high protein concentrates, gums and starches, all of which can be used in the manufacture of processed foods, reports The Financial Post in its special report on food and agriculture. And the oat has one more bonus: in Canada it can be grown from coast to coast and as far north as the Peace River.

Ambulance fund drive near goal

The fund raising campaign for the purchase of an ambulance to serve the Gibbons and Bon Accord area has nearly reached its goal amount.

An auction held in March realized \$2,000, from the sale of second hand goods donated by the residents of Bon Accord and Gibbons. Other fund raising activities have included a dance at the Red Barn, bottle drives, memorial funds and canvassing.

An additional bottle drive will be held this weekend, Saturday, May 14.

Sturgeon Billboard

SATURDAY, MAY 14 - Annual tea, plant sale and white elephant sale in Gibbons. Sponsored by the Gibbons Sunday School Circle.

MAY 21 - 22 - Fastball Tournament at Calahoo. The 14 teams of Sturgeon Fastball League are entered. Proceeds to help with umpire costs.

WEDNESDAY, JUNE 1 - Sturgeon Senior Citizens Barbecue will be held at the Red Barn at 5 p.m. Deadline for ticket purchase is Monday, May 9. Tickets are \$4.25.

Bon Accord News

By Sadie Allen
Be sure to read about how St. John Ambulance became a part of our community, in this issue of the Sturgeon Gazette.

4H Food Club will hold their achievement day on Saturday, May 14 at 2:30 p.m. in the Bon Accord Community Centre.

The Brownies and Guides held their annual mother, father and daughter banquet in Bon Accord hall last Monday evening. There were 130 people at the banquet who saw brownies Patty Milligan, Carol Bjerke, Dawn Samis and Linda Roemer fly up to guides and Helena West walked up to guides. Val Millwood acted as mistress of ceremonies, introducing the head table and smoothly proceeding through the program. Guides Karen Bjerke and Val Millwood received their 'All Round' cord from deputy divisional

commissioner Helen Lesyshen. Patty Milligan received a silver charm from Brownie leaders Cathy Myers and Maureen New for being the most helpful and outstanding brownie. All the brownies and guides received badges and awards earned during 1977.

The leaders received gifts from the brownies and guides.

We would like to thank the church groups for such a delicious supper and everyone who helped make the banquet a success.

The Hall Board was presented with a cheque in appreciation for use of the hall.

GIRL GUIDE COOKIE DAY will be this Saturday, May 14, starting at 9:30 a.m. after which the brownies are going bowling and then back to Bon Accord for a wiener roast at Milligan's farm.

The last bingo of the year

will be held in the hall this Sunday at 7:30 p.m. The jackpot, now standing at \$200, will go regardless of the number of calls. Be sure to get there early in order that you may get a seat.

The Chelsea Village Discotheque will be at the hall

again this Friday starting at 8 p.m. Re-admission will be charged for anyone leaving the hall and returning to dance.

The Bottle Drive for St. John Ambulance will be held Saturday, May 14.

I think the 4H clubs who cleaned the debris from the ditches on our local highways should be given a pat on the back for a job well done. Many hours were spent by these youngsters and their leaders and I think we should try to endeavour to keep our countryside clean.

The St. John's Ambulance Service Bon Accord Finance Committee will be holding a irrigating service for lawns on the 14th and 15th of May. Anyone interested please phone Sandy McDougall 921-3520 and Cathy Hutton 921-3861. \$10 for front or back or \$15 for both.

Bon Accord couple adopt Ethiopian boy

Thanks to the generosity of Bryan and Valerie Tutton of Bon Accord, life has been made much easier for a little Ethiopian boy and his family. Gedacha Gembo, aged eight, has been adopted by the couple, and he and his family will benefit in many ways from the Tuttons' \$19 per month contribution.

The \$19 a month provides the family with a monthly cash grant or material benefits; free medical and dental care, free prescriptions, the sustained guidance and counselling of social workers and the benefits of many special programs. All foster children and their brothers and sisters, age permitting, are encouraged to attend school. Where suitable, vocational training courses are made available, free of charge, for foster children, their brothers and sisters, and where practical, their parents. The objective is to provide the family with the tools to help them become independent and self-supporting. All programs are adapted to the needs of each country and late ly tend to be concentrated in rural areas, where the whole community

can benefit, particularly through mass inoculations.

The Gembo family are "resettled" people. This refers to the fact that they have been moved from the mountain highlands to

Gedacha Gembo, eight year old foster child of Mr. and Mrs. Bryan Tutton of Bon Accord.

the lowlands. Because the highlands were overcrowded and the soil depleted, families like the Gembo's were resettled in the fertile lowlands. They arrived in their new home with just the shirts on their backs.

They live in a round house made from branches lashed together with rope and then plastered with mud or cow dung. Cooking, eating and sleeping take place in the house's one windowless room. There is no plumbing or electricity.

The family's staple food is

called "Kurkufa," which is made of corn and baked like bread. It is eaten with stews of cabbage, potatoes or green vegetables. Another dish is made from leaves. Milk and meat are too expensive to be eaten, except on special occasions.

Like most of the children in his area, Gedacha has no shoes and walks naked. He is not attending school and spends his time playing with neighbourhood children. Sometimes he helps his father, who is a farmer.

Home care for retarded

A member of the University of Alberta psychology department has created a program which may brighten the prospects for retarded children and their parents.

At present, there are over

10,000 mentally retarded people in Alberta who require some form of special public assistance. Many are cared for in institutional settings, but others are cared for in their own homes. However, for families in the latter group, there is little in the way of government help. Along with all the problems usually associated with caring for a retarded child, parents are uncertain as to how they can provide for their child's mental and physical development.

The new program revolves around research and services, designed to provide a model for realizing the potential of retarded children as individuals. The program covers the period of life from birth to six years of age and includes a home care program for children up to two years of age and a pre-school program for those from two to six years. The children's parents are actively involved throughout the program.

Bon Accord Council Briefs

Village Council wish to thank Mr. Jim Goulet, teacher and students of Bon Accord Junior High School for offering their services in a village clean-up to be held Thursday, May 12. The group will cover all public areas and ditches and the debris will be hauled away by Pyramid Waste, contractor, after the usual Thursday pickup. Residents are asked to co-operate in cleaning up all private property and to place any extra waste collected from these areas out for pickup early Thursday af-

ternoon. In case of rain the clean-up will be postponed to Thursday, May 19.

VOLUNTEER FIRE BRIGADE

Approximately 20 applications have been received for the Bon Accord Volunteer Fire Brigade. Commencing May 10, 10 training sessions will be held each Tuesday at the Bon Accord School under the direction of Ken Fenwick. Melvin Kennett, who will commence work with the

Village on June 1 as public works assistant has also been appointed village fire chief. Mel will attend a training course at Vermilion June 13 to 17.

When the fire engine is fully equipped and the crew has been trained it will service the area within the village boundaries. In the meantime, the village will rely on fire fighting services provided by the Village of Gibbons under an agreement with the MD of Sturgeon as it has in the past.

Legal Locals

By Bonnie Pelletier
CFCW will be saluting our community May 21. On this day, specially produced announcements will be released.

On April 26, the Club 60 Roses celebrated the birth-

days of the month with some 40 members present. A good game of cards was enjoyed by everyone. Then a delicious lunch was served and a birthday cake was presented by Freda Morin, the host of the evening, accompanied by

Mary-Anne Montpetit. The door prize was won by Sidona Heemeryk. The birthdays of the month were: Father Bissonnette, Gabriel Tieulie. Jeanne Maurier, Lorella Champagne, Maria Laframboise, Jeanne de Champlain, Allan Keane, Germaine Gagne, Ben Gagne, Maria Rousseau, Lila Lamarche, Emedie Gagne, Eva Laroque Juliette Lema, Jeanne Lutz, Edward Lutz and Albert Sabourin.

Bob and Edna Mercier, Rock and Fleurette Brisson, from Legal and Norm and Gail Mercier from Grimshaw have returned from a three week holiday. They visited Disneyland and San Francisco for a few days and then boarded the magnificent Island Princess Ship. Their cruise took them to Acapulco, Trans Panama Canal Port in South America and

different islands in the Caribbean. The temperature averaged 90°. They all enjoyed their trip immensely and it will long be remembered.

It's spring once again and the Legal Saddle Club met on May 3 to kick off another year filled with great things. For starters, the club is having a "Trail-Ride Camp-out Overnight" on May 24 weekend, weather permitting. Other activities planned are gymkhana on Tuesday evenings, Western Pleasure, Thursday evenings, Trail Rides, Wiener Roasts, etc.

The Legal Saddle Club would like to invite the young wrangler, the old cow hand, the dude next door, and the Granny (if she's a barrel racer!) "anyone" with an interest in horses to join the Legal Saddle Club for a fun-filled 1977.

Interested ... Welcome Pardner. Phone 961-3803 or 961-3019 after 6 p.m.

The Legal Girls bantam softball team was fortunate to win their first game of the season over Riviere Qui Barre with a score 18 to 15. Coach, Francis Klassen was satisfied with the performance of his team. Any girls still wishing to try out for the bantam team may call Mr. Klassen at 961-2229.

Our apologies to young Daniel Tremblay of the Legal

Playschool. An error was made when we reported the 1976-77 pre-schoolers. Daniel Tremblay recently graduated from Mrs. Lucienne Montpetit's class also. Congratulations.

The restaurant in Legal recently underwent new management. Mutt and Jeff's Family Pizza and Steak House would like to invite you to come and try their delicious steak, scrumptious spaghetti, tangy pizza or various other mouth-watering dishes.

Letourneau - Sheskey wed

By Connie Pelletier
On May 7 William Sheskey, son of Mr. and Mrs. William Sheskey Sr. of Edmonton, exchanged vows with Dolores Letourneau, daughter of Mr. and Mrs. J. P. Letourneau of Legal in a beautiful triple ring ceremony.

The bride looked lovely in her gown of polyester and rayon. Baby white pearls and dainty lace accented the neckline and sleeves. A full train gathered at the back added a beautiful touch. Her princess style headpiece had several tiny white pearl clusters with a sheer veil bordered with delicate daisies.

Her accessories consisted of white pearl earrings surrounded by a gold floral design.

Dolores' bouquet consisted completely of red roses with tiny buds intermingling. Floor length white ribbons had several red rosebuds attached.

William was handsomely dressed in his white tuxedo. He wore a frilled white shirt and bow tie. Two red rosebuds complemented the suit.

Wayne Braunberger, Patrick Bernard and Raymond Sheskey were the happy couple's groomsmen. They looked very nice in their navy blue tuxedos with white and blue frilled shirts and blue bow ties, complemented by two white boutonnières. Willie presented each with a silver engraved mug as a token of appreciation.

Linda Braunberger, Rachelle Bernard and Jocelyn Chamberland looked ravishing in their baby blue polyester knit gowns. The gowns were accented with bell sleeves bordered with tiny daisies and ribbon and lace around the square neckline. The dresses were gath-

ered above the waist with tiny blue ribbons falling to the hemline. They wore lovely blue hats to match the dresses.

Each bridesmaid carried a bouquet of white daisies and blue lily of the valley flowers. A white floor length ribbon fell from each bouquet. Dolores presented each bridesmaid with lovely gold bracelets.

The mother of the bride, Mrs. Agnes Letourneau wore a beautiful sleeveless fortel gown gathered above the waist. The maroon gown was complemented with a matching cape. Mrs. Letourneau received a tinted pink corsage.

The mother of the groom, Mrs. Winnifred Sheskey wore a delicate blue and white floral gown and a blue tinted carnation corsage.

Boutonnières were also given to Mr. Denis Pelletier, who gave a toast to the bride, the ushers Ray Pelletier and Ray Gutzinger, and brothers of the bride and groom. A lovely engraved mug was given to master of ceremonies, Robert Pelletier.

Lovely tinted corsages were given to sisters of the bride and groom. Gifts were also given to E. Bilodeau and M. St. Martin for lovely music at the ceremony.

The bride's bouquet was caught by Marie Letourneau, and the garter was caught by Claude Letourneau.

Dolores returned later in an attractive navy blue and white pantsuit, with a lovely white rose corsage. Willie wore a blue floral shirt with navy blue pants and white carnations.

Everyone enjoyed themselves to the music of "Let's Boogie." The happy couple will be residing in Sherwood Park. Congratulations.

MUNICIPAL DISTRICT OF STURGEON NO. 90

Please be advised that a resolution was passed by the Council of the Municipal District of Sturgeon on March 31, 1977 of its intention to apply to the Provincial Planning Board to exchange part of Lot R-3, Block 1, Plan 4950 R.S., containing .03 acres for Lot R-14, containing .04 acres, all being within the SW 36-54-25 W4M.

A public hearing will be held on May 26th, 1977 at 2:00 p.m. in the Council Chambers of the Municipal District of Sturgeon office in Morinville, Alberta.

Persons affected by or objecting to the disposition of the exchange shall serve written notice of his objection prior to the date of the hearing.

D. GARY BROWNLEE
DEVELOPMENT OFFICER.

Gibbons News

By Karen Hogg
The Gibbons Legion will be holding their weekly bingo this Thursday at 8 p.m. in the Legion Hut. The jackpot is \$125 with 59 numbers being called. Be sure to attend, because as soon as this jackpot goes, the bingo games will be shut down until September. See you there!

Due to the lack of interest among individuals and groups of Gibbons the variety night slated for May 13 has been cancelled. The Community Centre would like to apologize for any inconveniences to the few who did want to perform and to anyone planning to attend.

Tom Hogg, Paul Montpelier, Miles Langier, and Glen Mabbutt flew to London, England last week for a two week vacation. A further write-up of the boys trip will be put in after they return.

Tracy Boisjoli took a week's vacation in Manitoba

to meet her husband Gerry who is working down there. The two will venture down to the States and then return home. Little Daune is under the watchful eye of her grandparents Katie and Will.

Be sure to be at the Sunday School Circle tea this Saturday from 2 to 4 p.m. Perennials, house plants, white elephant and a bake table will be available for you! See you there!

The Gibbons Public Library which is located in the mezzanine of the arena is still open even though the arena is closed. The hours are as follows:

On Monday from 6 to 8 p.m., on Wednesday from 6 to 8 p.m., on Thursday from 6 to 8 p.m., on Saturday from 10 to 12 noon.

ADULT CORNER

On May 28, the Group Committee for Gibbons Scouts and Cubs will be holding a flea market. If you have any

items you can donate, please call either Mr. D. Blais at 923-2120, 4914 - 47 Street, Gibbons or Mrs. G. Kersh

after 5 p.m., at 923-2641, 4723 - 45 Avenue, Gibbons. If any person between

ages of 11 and 15 is interested in becoming a scout, you can come to the

meetings held on Tuesday at 7 p.m. at the Community Hall.

Ambulance service to resume this year in Bon Accord, Gibbons area

By Nigel Mansfield
Readers may be interested to know after reading last week's Gazette about the history of the Order of St. John and the closely related Order of Malta, that a branch or chapter of the Order of St. John exists in the Sturgeon area. In the fall of 1976 the Sturgeon Area Branch of the Order was formed under the chairmanship of Linda Bland of Bon Accord, with a primary purpose to provide a high level of emergency medical care for the area. It began in 1973 when the then St. John Ambulance Brigade division, under the direction of Nigel Mansfield, with the introduction of emergency telephones throughout Bon Accord, the name of the brigade was changed to that of the St. John Ambulance Emergency Service.

FIRST SERVICES CEASES - MORINVILLE UNIT FORMED

Bon Accord's first ambulance was donated by the Lions Club and served well until the summer of 1976, when due to lack of financial and moral support, the emergency service had to cease operations. Morinville was the next community to establish a St. John Ambulance Emergency Service unit. In the spring of 1975, a small group of determined people began a long period of training which culminated in the second emergency ambulance being placed into service in July, 1976. Morinville's service under the capable direction of John Byer and Agnes Bokenfohr is giving excellent service to residents of the Sturgeon area.

BON ACCORD-GIBBONS RESCUE SQUAD FORMED

The first job for the newly formed Branch was to get back into service an am-

bulance and a larger group of volunteers for Bon Accord-Gibbons area. After many hours of work, sufficient money is now available to acquire equipment and an ambulance. The ambulance should be ready for service by mid-summer, and the volunteers should have completed their emergency medical technician course by then. The group has taken on another name in order to keep up with the times, and that is the Bon Accord-Gibbons Rescue Squad. As the

name implies, the role of the new squad will be to provide full rescue and emergency care to anyone who is in need of help.

SPECIAL

Eight squad members recently completed an average of 20 hours each working alongside Calgary's Emergency Paramedics on live duty in Calgary. This exposure to real medical emergencies was of great value to many new members.

The objects of the Order are set out at length in the Statutes, and one of the major objectives reads: "The encouragement and promotion of all works of humanity and charity for the relief of persons in sickness, distress, suffering, and danger, without distinction of race, class, or creed, and the extension of the second great principle of the Order, embodied in its motto 'Pro Utilitate Hominum' (For the Service of Mankind).

Curling Club elects officers

The general curling meeting held in Gibbons on May 3 was fairly well attended and a general discussion was held on the building of a new curling rink in the village. The board of directors was brought up to date.

It was too bad that the notice had not been put into

the Gazette so that we may have had a better representation from the Gibbons area as well as Bon Accord. Unfortunately the notice got lost in transit. The new board is as follows: President, Earl Yeo; Vice-President, Dave Metrunec; Secretary, Robert McEwen; Treasurer, Ada

McLean; Director (3 year), Bob Gorgichuk; Director (3 year), Adam Ewoniak; Director (2 year), John Martens; Director (2 year), Marshall Dutka; Director (1 year), Jack Hogg; Director (1 year), Mel Masear. Regular meeting is held the first Tuesday of every month.

Sunnyside News

By Lois Bowman

On Sunday, May 1 over 60 friends and relatives called on Mrs. Annie Knight to wish her a happy 75th birthday. Helen Gervais, Annie's daughter and Lois Bowman held an open house at the Bowmans' and it was a surprise to Annie. Her granddaughters, Janet Goertz, Sandy Ziese, Kim Gervais, Lavonne Bowman and Wendy Bowman served lunch and generally made sure everyone was looked after. It was a nice afternoon and Annie looked lovely in her pink gown complete with a beautiful corsage of pink

roses.

The Sunnyside Ladies Club held their regular monthly meeting at the home of Mrs. Ann Maxfield. It was decided to have a barbecue and dance on Saturday, June 25. The price will be \$10 per couple and everyone is to bring their own steaks. Everything else will be provided including refreshments. If anyone is interested, please phone Mrs. Shirley Brown at 973-5681.

On Sunday, May 1, Joe and Shirley Brown hosted the

hockey players of CFB bantams and their families. There were about 80 people in all and everyone had a great time barbecuing, playing ball and just having fun in general. Joe and Shirley's son Doug was a member of the hockey team. All boys were presented with beautiful trophies and Shirley was given a bouquet of spring flowers.

Off to England on a holiday are Bill and Linda Sherwin. They are visiting Bill's brother who lives just outside of London.

Around Sturgeon

Mr. Jack Stevens of R.R. 1 Morinville was recently visited by a group of New Zealand Aberdeen Angus Breeders who were on a week-long tour of Alberta herds. The group is on its way to Scotland for the World Angus Forum. Approximately 160 people from Alberta will be attending the forum but Jack informs us he will not be going.

Morinville Memos

By Marg Bentz

Lion's Charter Night will be held on Saturday, May 14, starting at 8:30 p.m. at the Legion Hall. Senior sock-hop will begin the evening with a midnight buffet to follow. Tickets are available from any Lion's member.

The next meeting of the United Church Ladies Aid will be held at the home of Mrs. Rosie Weiss on Tuesday, May 17, at 8 p.m. All ladies are welcome, whether you are newly arrived in town or are a long time resident. For further information, please call Marg Middleton at 939-2347 or Rosie Weiss at 939-2269.

Baseball coaches please phone game results into Marg Bentz by Sunday evenings (11 p.m.) at 939-4145.

May I take this opportunity on behalf of all the mothers to thank the men who so graciously served up the Mother's Day Breakfast. Thanks also to the youngsters and ladies who gave the men a hand. It certainly looked like a record breaking number that turned out to help all the mothers celebrate Mother's Day.

Don't forget to come on down and join your friends and neighbors every Thursday, starting at 8 p.m., at the Recreation Centre, for the Legion Bingo.

Over 100 people attended the farewell barbecue party which was held at the Legion, Friday, May 6 for the Paul Ellis family, Jim McClary family and the Bert Reed family. Life membership was to have been presented to Mr. Mark Saffin at this time, but he was unable to attend. It will be presented to him at his home sometime this week.

Legion camp-out will be held on the May 23 long weekend at Killdeer Beach at Lac La Nonne. Those interested in joining the campers may contact Dar. Clark at 939-4256, E. Tally at 939-4820, or any Legion member.

Knights of Columbus will be holding a crib tournament

on Friday, May 13, at 8 p.m. sharp, at the Morinville Parish Hall. Entries are \$10 per team with 500 dollars in prizes. Tickets are available at Morinville Sporting Goods.

If you need help with spring cleaning indoors or out call 939-4285 days or 939-2407 evenings. Six girls (Vanier cheerleaders) are available.

FARMER'S MARKET

The Farmer's Market will be in operation once again in Morinville this year. The first one goes on Saturday, May 14, starting at 10 a.m. and going until noon. Location is the Agriplex Building - nice weather outside, inclement weather inside. All types of fresh produce is available to the consumer.

Farmer's Market will run every Saturday for as long as produce is available. Watch for signs on the street every Saturday. For those who have produce to sell, simply load up your vehicle and come down to the arena complex. Charge is \$1 per table. For more information call Paul Krauskopf at 939 4701 or Roy Seibert at 961-2288.

The May draw for the \$200 a month club was held at the Ag. Society meeting on Wednesday, May 4. Congratulations to the lucky winner: Como Gas Services, R.R. 8 Edmonton.

Last week 43 grade eight students and three teachers,

Mr. Smith, Mr. Lindstrand and Mrs. Parchman, went on a week of camping, canoeing and other outdoor activities. Romeo Houle reports that everyone had a good time and that they had great weather, with only one night of rain.

All over Alberta, 4H Beef Club members, were out cleaning the countryside of trash and bottles. The Alcomdale Club brought in 25 dollars worth of bottles to the Morinville Bottle Depot. It sure is nice to see youngsters out hard at work for their club and for our environment. Congratulations to all 4H Beef Club members!

FRONTIER DAZE 1977

Frontier Daze will be held this year on June 25 and 26 in Morinville with this year's theme being "A Salute to Our Heritage." In keeping with the heritage theme there will be displays, International foods, and entertainment by local talent. In addition, popular events that will continue this year are: street breakfast, parade,

judged display of home baking, baseball tournament arts and crafts display, tug-o-war, horseshoes, chicken supper, prizes, midway, concessions, games, food, plus lots more. Special notes of interest will be demolition derby, gymkhana events, canoe races, gate prize, 100 silver dollars and a variety of entertainment. Frontier Daze members are busily at work hoping to give us the best Frontier Daze yet. Be sure and keep the weekend open.

The annual general meeting of the Morinville Lions' Figure Skating Club will be held at 7:30 p.m. Wednesday, May 18, in the upstairs meeting room of the Rec. Centre. The proposed agenda concerns matters vital to the functioning of the club, including election of officers, supervision, power skating, and possible changes in the length of the program to be offered next year. There will be a period of open discussion during which your suggestions would be welcomed. Decisions made at this meeting will determine the organization of next

year's program. Your participation is extremely important.

The Kinsmen Pedal Pushers program will be starting Monday, May 16 at 6:30 p.m., in the arena. All children who wish to attend but have not yet registered must come accompanied by a parent to sign the registration. Registration fee is

one dollar.

Reader's co-operation in telephoning or bringing in news items is greatly appreciated. Please phone 939-4145 or stop in at 9901 - 99 Avenue (directly behind Morinville Red Rooster).

Girl Guide Cookies, contact Mrs. Clarke weekdays from 12 to 2 p.m. - 939-4256.

Announcing a new way to bar weeds from your barley

TORDON® 202C brand Herbicide controls problem weeds—for less

This new herbicide, extensively tested in the U.S. and Canada, has proven itself in the control of annual broadleaf weeds and top growth of certain perennial weeds in barley. It controls a wide variety of broadleaf weeds. If you've been plagued by Russian thistle, redroot-pigweed, lamb's quarters, stinkweed, cocklebur, dandelion or wild mustard—TORDON 202C brand Herbicide is for you. Even hard-to-kill broadleaves are susceptible. TORDON 202C Herbicide significantly controls growth of wild buckwheat, green smartweed and Canada thistle.

Effective new formula for weed control
TORDON 202C is a formulation containing

Picloram and 2,4-D amine salts. It is water soluble and very selective when compared to competitive herbicides. Barley is very tolerant at the recommended dosages. Just spray it on and let it go to work on those weeds!

Less expensive in use!

TORDON 202C has proven to be more economical in use than any other herbicide, except phenoxy herbicides used alone. Price per pail?...\$37.40—and depending on frequency of treatment, your cost per acre is \$1.06 to \$1.60. Two pails of TORDON 202C provide effective coverage of up to 71 acres.

Free Sportsman's Kit with every

10-gallon purchase Buy two pails of TORDON 202C Herbicide and, upon receipt of the special form (available at your dealer) Dow will forward a special Sportsman's Kit to you. This handy Kit is made up of 2 Thermos flasks plus a dessert container—in a special carry-case.

You'll grow bigger with a little help from DOW

PROCLAMATION PITCH-IN '77

Whereas litter pollutes our parks, recreational areas, beaches, highways and school grounds by defacing them to our sight; and

Whereas litter can be dangerous by causing physical harm to man and animals; and

Whereas thoughtlessness and negligence are the main contributory factors in the occurrence and spread of litter; and

Whereas the litter can be reduced by modern technology, education, streamlined enforcement and updated litter bylaws, and responsible packaging; and

Whereas the Town of Gibbons is concerned with the problems caused by litter and to bring it to the attention of the public it is deemed appropriate to appoint the week of May 9 to 15, 1977, as the start of the "Pitch-in '77" campaign in the Town of Gibbons, and urge all citizens to co-operate with the Town of Gibbons in the elimination and reduction of litter and littering;

Now therefore I, Reg Austin, Mayor of Gibbons do hereby declare the week of May 9 to 15, 1977 as

PITCH-IN '77

OF GIBBONS

Namao News

By Norma Crozier

There will be a registration meeting for the 1977-78 Nursery School on May 25 at 8 p.m. in the Namao Community Hall. For further information contact Mrs. Gwen Kak 973-5961 or Mrs. Muriel White 973-6807.

There will be a Vacation Bible School at Namao United Church July 12 and 13 from 9:30 a.m. to 3:30 p.m. If there is enough interest in the Sunnyside area there will also be a Vacation Bible School held the last week of July in Sunnyside Hall. The Namao program will include all ages from four year olds up to grade eight. The Sunnyside program, however, is being planned for one class for pre-schoolers, age 4, 5 and 6, and one class for grades one and two.

For further information or if you are interested in either school program please call Janet Reed at 973-5941.

Rural Life Sunday for the congregations of Namao, Bon Accord and Patricia United Churches will be held at the Namao Community Hall on June 5 at 11 a.m. Everyone is welcome.

Namao Plus Sixty Club met in the hall on Thursday, May 5 with 26 members attending. The afternoon was spent playing cards and games. Mrs. Kit Hudson and Mrs. Margaret Horricks were co-hostesses for the lunch. Everyone enjoyed seeing Mrs. Isabel Crozier back from a month holidaying in Hawaii and two weeks cruising the Mediterranean.

Travellers Mrs. Daisy Craig, Mrs. Alma Paul and Mrs. Isabel Crozier are back from a two week cruise of the Mediterranean on the Greek ship the Ithaca. They enjoyed very warm sunny weather

and touring the many ports at which the ship docked. They were also accompanied by Mrs. Sarah Bell, Mrs. Marion Flint and Mrs. Helen Langlands.

Get well wishes go out to Rose Horricks, who is recovering from an appendectomy and to Ted Samis in the Royal Alexander Hospital.

Senior explorers, CGIT hold banquet

By Norma Crozier

Namao United Church's C.G.I.T. and Senior Explorers held their mother and daughter banquet in the Community Hall on Wednesday evening, May 4 hosted by the Namao UCW. Under the direction of CGIT leader, Mrs. Betty Jorgenson and Explorer leader, Mrs. Norma Paul, the girls have had a busy, rewarding year. With the theme for the evening "We're On Our Way," members of the CGIT conducted the program.

President, Wendy Horricks welcomed the mothers and guests after which the girls presented corsages to them. Tribute to the Church was given by Debbie Lumsden, secretary, which was replied to by Rev. H. Black. Senior Explorer, Lisa Taylor proposed the toast to the Queen, followed by Vice-President, Cheryl Paul pay-

ing a tribute to the mothers. Monica Black, birthday and shut-in convenor, introduced the guest speaker, Sylvia Jurney, a director of Camp He Ho Ha, who was also representing the Associated Canadian Travellers. Her talk on the Camp and her pictures proved to be most interesting to all present. Connie Berg, treasurer led a lively sing song, preceding the Explorer ceremony, conducted by Mrs. Paul.

Graduating Explorers were: Connie Armstrong, Carla Chini, Janice Mullen, Heather Monaghan, Debbie Rookes, Carol Sabourin, Alana Vath, Joy Schafer, Carole Carson, Carrie Jensen, Joanne Franchuk, Alina Penner, Leanne Sim, Lisa Taylor, and Karen Jensen.

Mrs. Betty Jorgenson gave a report on CGIT and welcomed the new members

ing the welcome rain after the prolonged drought.

Hostesses for the lunch were Mrs. Kit Hudson and Mrs. Margaret Horricks.

Next meeting will be on May 19 at the Namao Hall, and visitors are most cordially welcomed. This will be the last meeting before the June 1 barbecue at the Red Barn, and plans will be made regarding transportation etc.

Kathy Zaharachuk gave a presentation to the Church followed by a message to the sponsors by Susan Franchuk, Sylvia Jurney, a director of Camp He Ho Ha, who was also representing the Associated Canadian Travellers. Her talk on the Camp and her pictures proved to be most interesting to all present. Connie Berg, treasurer led a lively sing song, preceding the Explorer ceremony, conducted by Mrs. Paul.

Graduating Explorers were: Connie Armstrong, Carla Chini, Janice Mullen, Heather Monaghan, Debbie Rookes, Carol Sabourin, Alana Vath, Joy Schafer, Carole Carson, Carrie Jensen, Joanne Franchuk, Alina Penner, Leanne Sim, Lisa Taylor, and Karen Jensen.

Namao beef holds draw

By Myrna Vaculchik

On May 3 the Namao 4H Beef Club opened its meeting with Dale Wenzel leading us in the pledge. We discussed our stall display and the older members decided to meet at the Vaculchik residence to paint the background of the signs. On May 7 the club had its clean-up. We met at the Sunnyside Hall at 8:30 a.m., on May 7. We cleaned up 10 miles of a highway ditch for \$8 per mile. We planned to have our showmanip and grooming show on June 5, 2:30 p.m. at the Dugan residence.

Achievement Day will be held June 13 at the Sales Pavilion in Edmonton and the sale will follow on June 14. There are 167 steers to be shown.

The highlight of the evening was the draw for a hind quarter of beef. The draw was made by Phyllis Simon, a friend of one of the members. Congratulations to B. E. Longshore of Byemore, Alberta the winner of the hind quarter of beef from Schultz and Sons Frozen Foods.

Mystic Meadow Estates Presents

THE GREAT ESCAPE

Discover a brand new concept of year round recreation and relaxation only one hour north, and fill your weekends with acres and acres of natural living.

Building your weekend retreat at Mystic Meadow Estates gives you access to over 700 acres of natural undeveloped land, perfect for hiking, skating and cross country skiing. Riding trails, pasture facilities and a private trout pond complete the picture.

Come out and see for yourself. Bring a picnic and spend a leisurely day with nature ... hike the trails ... observe the beavers at work ... relax and be yourself.

Your family deserves the best. Mystic Meadow Estates has it. And at a surprisingly affordable price.

NECESSITY OR LUXURY?

Some folks insist on a third bathroom, or a TV room. If someone takes the car to work each day, it may be vital to have stores within walking distance.

For a gourmet cook, a good kitchen is all-important; to a family full of growing kids, play space is the thing.

Each family has different priorities. We help all kinds. Let us help you.
